Visually challenged school gets solar power

IRCON has installed 30 kW solar panels and LED lighting on the rooftop of the school building to save the operational cost of the school in Delhi. Janta Adarsh Andh Vidyalaya is a residential school for visually challenged and is currently serving 120 children from class 1st to 8th standard.

by promoting sustainable solution to power shortage and heavy electricity bills. Thus, as an outcome of this CSR initiative, now the school would be able to save around Rs 23,000 per month and saving of Rs 2.76 lakh annually on electricity bills which will eventually be utilised for the education of the visually challenged students.

Installation of Solar Pan-

els has successfully reduced the carbon footprint there-
