4 **ANNUAL REPORT** 2016-17

#### **Distinguished Shareholders**,

It is a great pleasure and privilege for me to welcome you all on the occasion of 41<sup>st</sup> Annual General Meeting of your Company. The year has witnessed improvement in the performance of your Company than that of the previous year which can be gauged from the audited annual accounts and other related reports for the year ended 31<sup>st</sup> March 2017 which are before you.

I would like to highlight some salient features.

#### **Financial Profile**

The operating income of your Company has registered an increase of 24% from Rs. 2419 crore in 2015-16 to Rs. 2995 crore in 2016-17, though profit before tax has decreased by 12% from Rs. 602 crore to Rs. 532 crore during the corresponding period. Indian projects have contributed 90% to the total income of Rs. 3254 crore.

Your Company has allotted bonus shares in January 2017 in the ratio of 4:1 i.e. four bonus (equity) shares for every one equity share held by the shareholders thereby increasing the paid-up capital from Rs. 19.796 crore to Rs. 98.98 crore.

The Company has already paid total interim dividend of Rs. 95.15 crore. The Company now proposes final dividend

amounting to Rs. 97.25 crore which is 278% of the paid up share capital, including proportionate dividend on enhanced share capital. Thus, the total dividend for 2016-17 would sum up to Rs. 192.40 crore which is 550% of the paid-up share capital and 52.15% of the post-tax profits. After the proposed final dividend, the accumulated dividend to shareholders would amount to Rs. 1299.91 crore against the seed capital of Rs.5 crore (approx.).

The Company also proposes to buy-back its own shares from the existing shareholders, on proportionate basis, up to 5% of net worth amounting to Rs. 3822.21 crore in accordance with letter dated 23<sup>rd</sup> August 2017 from Department of Investment and Public Asset Management (DIPAM).

Listing of the shares of your company is also on the anvil, and for this purpose due diligence process and other formalities are underway through Legal Advisers and BRLMs appointed by DIPAM.

#### **Operational Profile**

During 2016-17, your Company completed four projects, two in India and one each in Bhutan and Bangladesh. Your Company is having pan India presence through more than 25 projects across various states of India. In addition, the Company is executing projects in Bangladesh, Algeria, and South Africa.

The product mix of your company is varied and includes signaling projects, electrical sub-stations, road over bridges, buildings, road projects from NHAI, apart from railway projects of track laying, upgradation, doubling, railway sidings, coal connectivity projects, redevelopment of stations, etc.

The mode of execution of some of these projects is EPC whereas road projects from NHAI are being executed through wholly owned subsidiary companies (WOS) formed for this purpose, and coal connectivity projects are being executed through joint venture companies formed as a strategic alliance with other PSUs, Ircon's equity stake in such JVs being 26%.

I feel delighted to share that Ministry of Railways has recently assigned a very challenging task of raising speed of existing New Delhi to Howrah route to 160/ 200 km per hour so as to reduce the time taken to travel between these two destinations to 12 hours.

#### **Subsidiary and Joint Venture Companies**

Ircon had four subsidiary companies viz. IrconISL, IRSDC, IrconPBTL, and IrconSGTL as on 31<sup>st</sup> March 2017. After the close of the year, one wholly owned subsidiary (WOS) company by the name IrconDHHL got incorporated on 11<sup>th</sup> May 2017, whereas IRSDC ceased to be a subsidiary company after transfer of 1% equity stake (out of 51% held by IRCON) to RLDA. The present status of IRSDC is joint venture company having 50:50 equity participation by IRCON and RLDA.

Your Company also holds 50% equity stake in ISTPL, another joint venture company with Soma Enterprise Limited. Your Company also holds 26% equity stake in five other joint venture companies viz. CERL, CEWRL, MCRL, JCRL, and BRPL, incorporated mainly for coal connectivity projects in the States of Chhattisgarh, Jharkhand, Odisha.

During the year, Ircon transferred its entire shareholding of 25% in the only joint venture company in Mozambique, CCFB, to Government of Mozambique in terms of Settlement Agreement executed in 21<sup>st</sup> October 2015.

#### Corporate Governance, CSR and Sustainability

Your Company is committed to good governance, and complies with the requirements of corporate governance under the DPE Corporate Governance Guidelines, and other legal requirements.

During the year, your Company has spent an amount of Rs. 5.89 crore towards Corporate Social Responsibility (CSR) initiatives. The CSR initiatives, aimed at conducting business in a sustainable manner, broadly comprise of activities in the field of health, sanitation, education, employment enhancing education including education for differently abled, environment, infrastructure development, etc.

To keep pace with new developments in the area of CSR, your Company has revised its CSR and Sustainability policy in May 2017.

#### Acknowledgement:

Before I conclude, I must express my sincere thanks to our esteemed shareholders, my colleagues on the Board of Directors, and to the Members and Officers of the Railway Board, for their valuable support, advice, and cooperation. I would like to record my gratitude to our esteemed clients both in India and abroad for their continued trust and confidence. I also place on record my appreciation of the good work done by all the employees of the Company.

An organization has to be alert and keep re-orienting itself to meet the future demands. Therefore, it is said that "it is not where we stand that's important, but in what direction we are moving". I am confident that IRCON with its progressive approach, perspective, and action will endeavor to reach highest echelons of glory and success.

### **DIRECTORS' REPORT**

#### **DISTINGUISHED SHAREHOLDERS**

The Directors of your Company have pleasure in presenting their 41st Report on the affairs of the Company for the financial year 2016-17.

#### **PERFORMANCE HIGHLIGHTS**

During the financial year 2016-17, your Company achieved a total operating income of Rs. 2994.80 crore and profit before tax of Rs. 531.72 crore as compared to operating income of Rs. 2418.51 crore and profit before tax of Rs. 602.36 crore achieved during the previous financial year.

The total turnover of your Company has increased by 14% and the operating turnover has registered an increase of 24%. However, the profit before tax has reduced by 12% and profit after tax has declined by 7% on account of substantial income recognized on settlement agreement with Government of Mozambique during 2015-16.

#### **FINANCIAL HIGHLIGHTS**

Some important indicators of financial performance of the Company for the year 2016-17 *vis-à-vis* 2015-16 are given below:

#### A. Financial Performance Indicators:

				, 
SI. No.	Particulars	2016-17	2015-16	Increase / (Decrease) [in %]
1.	Total income / turnover	3254	2860	14

\*\* Pertains to 2014-15 paid in 2015-16

#### E. Increase in Share capital

#### 1. Authorised Share Capital

Your Company had increased its authorized share capital from Rs. 25 crore to Rs. 100 crore after approval by the shareholders in the Annual General Meeting (AGM) held on 22nd December 2015. The said increase in authorised share capital received assent from the President of India (through administrative ministry) on 13th April 2016.

After the close of the year, the authorized share capital has been further increased from Rs. 100 crore to Rs. 400 crore in terms of approval by the shareholders at the Extra-ordinary General Meeting held on 22nd May 2017. This increase was already approved, vide letter dated 3rd November 2016, by the President of India (through administrative ministry).

#### 2. Paid-up Share capital through Issue of Bonus Shares

Your Company has issued bonus shares in the ratio of 4:1, i.e. four bonus (equity) shares for every one equity share held by the existing shareholders out of free reserves, after getting approval of the

shareholders in the AGM held on 28th September 2016. Consequently, the paid-up share capital of the Company stands increased from Rs. 19.796 crore to Rs. 98.98 crore w.e.f. 5th January 2017.

#### Listing of Shares

F.

The Government of India announced listing of shares of the Company in the budget for 2017-18. Accordingly, Department of Investment and Public Asset Management (DIPAM), Ministry of Finance, has appointed M/s. Crawford Bayley & Co. along with their International consortium partner M/s. Hogan Lovells as Legal Advisors and IDBI Capital Markets & Securities Limited, SBI Capital Markets Limited, and Axis Capital Limited as Book Running Lead Managers (BRLM) for disinvestment of paid-up equity share capital of the Company through Initial Public Offering (IPO) of shares by the Promoters (i.e. Government of India).

Your Company was earlier listed in 1992 at Delhi Stock Exchange (DSE) from 18th August 1992 and Bombay Stock Exchange (BSE) from 16th October 1992, consequent upon disinvestment of 0.27% of the total paid-up share capital of Company in May 1992. However, the Company got delisted at the instance of Ministry of Railways from BSE w.e.f. 3rd November 2011 and from DSE w.e.f. 15th March 2012. The shares of the Company were neither traded nor quoted during earlier listing.

#### **ORDER BOOK**

The Company secured works worth Rs. 6,030 crore during the year 2016-17. The work load as on 31st March 2017 stood at Rs. 18,878 crore as compared to Rs. 17,569 crore as on 31st March 2016. The work load as on 30th June 2017 is Rs. 20,010 crore (approx.).

#### **OPERATIONAL PERFORMANCE**

#### A. Foreign Projects Completed:

Your Company has completed two projects (one in Bhutan and another in Bangladesh) during the financial year 2016-17.

#### Bhutan

 The turnkey project for dismantling of existing 66/33/11 KV sub-station and Design,

66 KV Substation at Paro, Bhutan

Engineering, Construction, Supply, Erection, Testing and Commissioning of New 2x20 MVA, 66/33 KV sub-station including all associated works at Paro in Bhutan by Bhutan Power Corporation Limited, at a value of Rs. 23 crore, has been completed in March 2017.

#### Bangladesh

 The project for construction of 2nd<sup>a</sup> Bhairab Railway Bridge with Approach Rail Lines (Lot-A)

 being undertaken through unincorporated JV
 between your Company and AFCONS viz. IRCON-AFCONS JV, at a revised value of Rs. 265 crore (Ircon's share), has been completed in March 2017.

#### B. On-going Foreign projects:

Your Company is executing the following four projects in foreign countries:

#### Bangladesh

- Design, Supply, Installation, Testing, and Commissioning of Computer based Interlocking Colour Light Signalling System on turnkey basis at 11 stations between Ishurdi-Darsana section of Bangladesh, at a value of Rs. 60 crore. Physical work has been completed in July 2017. The work is scheduled to be commissioned in September 2017.
- Construction of Embankment, Track, all civil works, major & minor bridges (Except Rupsha) & culverts and implementation of EMP against Package WD1 under the project Construction of Khulna-Mongla Port Rail Line for Bangladesh Railway, at a value of Rs. 971 crore (USD 147.80 million). The physical progress up to July 2017 is

10%. The work was commenced in March 2016 and is scheduled to be completed in September 2019.

The project is progressing slowly due to nonavailability of encumbrance free land and nonissuance of drawings for bridges and buildings by the client.

#### Algeria

3. Installation of double track line (93 kms) in Algeria awarded by ANESRIF, Ministry of Transport, Government of Algeria, at a value of Rs. 1103 crore (converted in INR) involving construction of second line and upgradation of existing line from Oued-Sly to Yellel in Alger-Oran section of Algerian Railways. The value of contract including additional works for realization of double line has been revised to Rs. 1944 crore (converted in INR). Though the project was awarded in 2008, but it was suspended by the client in January 2009 and restarted in May 2010. The completion time has been extended by client up to 10th May 2018.

The modalities of payment to the local subcontractor were not spelled in the amendment and were later negotiated with the client, which hampered the cash flow and project progress. Eventually, the mode of payment to the local sub-contractors and revision of the price were negotiated by a high level committee in July 2016 paving the way for smooth progress of the project. Lack of sufficient funds with the client is likely to affect the completion period of the project.

#### South Africa

4. Procurement of Plant Design, Supply and Installation of Overhead Track Equipments, Traction Sub-stations, Auxiliary Power Supplies Substations, Bulk Power Supplies Switching Stations and Signalling Systems for Majuba Rail Project, South Africa, for Eskom Holdings SOC Limited, at a value of Rs. 346 crore (Rand 663 million, Rand 1 = 5.212). The work has been secured in November 2015. During the operation of contract, Foreign Currency issue arose which has been resolved. The work is in

**ANNUAL REPORT** 2016-17 9

progress and likely to be completed by 31st March 2018.

Railway Electrification work, South Africa

#### 16 **ANNUAL REPORT** 2016-17

## QUALITY, ENVIRONMENT, AND HEALTH & SAFETY MANAGEMENT

**Quality Management System (QMS)** has been successfully sustained and continually improved since 1996 when the Company as a whole was first certified for ISO-9002-1994 by TUV Suddeutschland Private Limited (TUV). Your Company has continued the certification and sustained the system as per latest revised code ISO 9001:2015 (by periodical re-certification audit after expiry of every three years). Latest re-certification audit has been conducted in March 2017, whereby the Company has been re-certified by TUV for a period of another three years i.e. up to June 2020.

During the year, the Company has started working on development of mobile phone / web based video library, and for this purpose two topics have been identified viz. Construction of Embankment (Mechanised) in 3D format and Personal Safety & safety in construction in 2D format. The mobile / internet based application on personal safety and safety in construction has been released and is available on Ircon's internal website.

Your Company established an **Environment Management System (EMS),** and was certified for ISO 14001:2004 in October 2011. The latest re-certification audit for ISO 14001-2015 has been conducted in March 2017 whereby the Company has been re-certified for another three years i.e. up to May 2020.

The Company nominates Environment officers at major Indian projects to monitor EMS at their respective projects who complies with the environmental laws and monitor air quality. This is an ongoing process until completion of the project. Environmental checklists have been developed and maintained by all projects. In addition, the Company has a fully operational environmental lab in Jammu for study of impact on environment by the construction activities.

Environmental friendly equipment such as solar panels have been installed and are being installed at various offices / projects. Waste water is recycled at Corporate Office through Sewage Treatment Plant (STP), and the same is used for horticulture work. STPs are also being constructed at Noida, Gurgaon, and MFC buildings. LED lights, sensor lights and sensor taps are being used in Corporate Office to conserve electricity and water. Various environment friendly steps like use of fly ash brick instead of clay brick, rain water harvesting arrangements, sensor controlled Cromium Plate (CP) fittings, use of latest version of fecade glass (glass in building) to make the building sustainable etc. are being taken up across various offices / projects of the Company. Monitoring of water usage and waste water, ambient air quality and noise quality is also being carried out at various construction sites. The Company is emphasizing on providing clean environment by initiating indoor air quality monitoring in the Corporate Office building. Tree plantation is also undertaken by corporate office and project offices.

Your Company has also been certified for **Occupational Health & Safety Management System** (OHSAS – BS 18001:2007) in December 2012 by TUV SUD South Asia. The re-certification audit was conducted in October 2015, whereby the Company had been re-certified for another three years i.e. up to December 2018.

Corporate Quality Council and Project Quality Council meetings were conducted quarterly at Corporate Office and projects respectively to review the implementation of QMS, EMS, and OHSAS. The Quality objectives were measured and reviewed both at the Corporate and at the Project levels. Internal Quality Audit as well as Quality Assurance Audit were conducted in projects and corporate office. Reports of these audits not only contained details of non-conformities encountered during the audit but also the salient features, progress, positive points, if any, etc.

In addition, in-house trainings were imparted to 100 employees by a team of internal auditors of Quality Management Department at Indian Project sites on General Awareness on EMS, QMS & OHSAS, Reinforced Cement Concrete (RCC) Construction, Environment Ethics, Construction of Civil works in Electrical projects, Quality control at site etc.

## CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, AND UPGRADATION

**On energy conservation front**, your Company has completed work of Design, Supply, Installation, Testing and Commissioning of grid connected solar power plant of 2MW capacity with all the electrical and associated equipment including civil works at Rail Coach Factory, Rae Bareli (U.P.), at a value of Rs. 15.60 crore. The plant is fully operational, and meets about 21% of electrical energy requirement for the factory. The Company has procured 1 MW additional Solar Power Plant at Rail Coach Factory, Rae Bareli in addition to earlier installed 2 MW Solar Power Plant.

Additional 10 KW Roof Top Grid Connected Solar Power Plant has been made operational as a step to conserve energy. This Solar Power Plant is in addition to existing capacity of 80 KW, and has been implemented after energy

audit contributing to environment through usage of Green Energy.

Further, additional capacitor banks have been installed at Corporate Office building to improve power factor which would further reduce the Electrical Energy consumption.

#### Technology absorption and upgradation

Supervisory Control and Data Acquisition System (SCADA) for energy management have been made operational at Rail Coach Factory, Rae Bareli. Further, the Company has constructed all sub-station buildings in DMRC with latest energy efficient and environmental friendly guidelines which includes LED lights, Rain Water harvesting.

For the first time in Indian Railways, Overhead Equipment (OHE) design for Railway Electrification Project is being carried out by using Drone camera for picking the coordinates and Geographical Information System (GIS). The OHE layout plans are then prepared with the help of Autocad. Ircon has also planned for use of Drone Camera for Katni Singrauli Doubling project.

Uncommon technique of launching of girder by cantilever method was used at 2nd Bhairab Bridge in Bangladesh by utilizing the benefit of river water. The barge of 250 tonne capacity was used to mount the road crane as well as the members of the truss. The whole barge was brought parallel to the working span and members were erected by the road crane when the barge was properly anchored. With this process of cantilever launching time cycle was reduced from 45 days to 30 days for erection of truss bridge of 102.4 meter in length. This also economized the cost by saving the extra material to be welded on the bottom chord.

Further, New Austria Tunnelling Method (NATM) is proposed to be adopted for construction of tunnels in Sivok–Rangpo project. This method is very useful in complex diversified geological condition where forecasting of the rock mass is difficult due to rapidly changing geology.

A concept paper on adoption of Semi High Speed on existing routes was presented in IPWE Seminary in January 2017.

#### **RESEARCH & DEVELOPMENT (R&D)**

Your Company does not undertake any pure research project but takes the help of consultants and firms to innovate and to develop methods and techniques to execute projects in a cost effective manner, with requisite quality, to enhance the technological competence and efficiency.

## INFORMATION TECHNOLOGY AND DEVELOPMENT OF ERP

With an objective to enable IT facility in all domain, efforts were directed towards enhancement of SAP ECC 6.0 based Finance-Controlling module to incorporate additional functionalities like fixed asset accounting for calculation of depreciation as per Indian Income Tax Act, Bank Reconciliation System, FOREX reporting in Functional currency, local currency and reporting currency, Implementation of IndAS functionality (age analysis and discounting of Financial Asset and liability), reports for quarterly and annual financial statements as per schedule III of the Companies Act, 2013; implementation of Erecruitment system on SAAS model with functionalities like on-line submission of application with payment gateway, generation of admit card and communication through SMS / e-mail with the applicants, conducting online written test, instant publication of results; installation of video conferencing system for conducting review meetings with Project Heads, training, promotion interviews etc.; hiring datacentre services for SAP ERP application to gain enhanced efficiency, security, and flexibility for capacity augmentation; revamping company's responsive internet website etc.

To reduce paper usage and transparent working, use of IT has been enhanced in all the functional domains.

#### **VIGILANCE ACTIVITIES**

Vigilance Department plays an advisory role to the top management in matters pertaining to vigilance. It is headed by a full time Chief Vigilance Officer (CVO) appointed by the Appointments Committee of the Cabinet (ACC) in consultation with Central Vigilance Commission (CVC). After sudden demise of Mr. Satish Tandon, CVO on 16th May 2017, appointment of new CVO by the Ministry of Railways is under process.

The Vigilance Department ensures implementation of laid down guidelines / procedures through preventive checks of tenders and contracts, execution of works, and other functions as well as carries out investigations into complaints. During the year, six inspections were carried out on various projects / units. Complaints received from various authorities (like CVC, Railway Board Vigilance), and

other sources were investigated to their logical conclusion. Based on the outcome of investigation, circulars on system improvements in the areas of tenders, contracts, HRM, finance, project management, etc. were issued to avoid recurrence of irregularities / procedural errors and to plug loopholes in system. Steps were also taken for closure of paras raised by the Chief Technical Examiner's Organisation (CTEO). Scrutiny of immovable property returns of employees; creating awareness on rules/procedures/ common irregularities in execution through workshops/trainings, debate, competitions, etc. have been the prime activities of the Department.

As a step towards 'leveraging technology' for better transparency, submission of online Immovable Property Returns by the officers was started in 2012-13 and the process is running successfully; online Vigilance Clearance started w.e.f. 1st April 2014 in the organization through intranet portal www.irconnet.com; vigilance section / portal on website www.ircon.org with a facility for online receipt of complaints is in place since December 2012; eprocurement has already been started w.e.f. 1st July 2013 in the organization in a comprehensive manner for achieving transparency for the works valuing more than Rs. 50 lakhs;

Vigilance department strives to achieve its objective of promoting an impartial, fearless, and transparent environment in functioning of the organisation by taking steps to prevent unethical practices.

#### **INTEGRITY PACT**

Your Company has signed a Memorandum of Understanding with Transparency International India (TII) in April 2014 for adoption and implementation of Integrity Pact, based on recommendation of CVC for its adoption in respect of major procurements in the Government Organisations.

# MANAGEMENT DISCUSSION AND ANALYSIS REPORT

#### **AN OVERVIEW**

The Company has a long standing reputation as a sectoral leader in Transportation Infrastructure amongst the public sector construction companies in the Country with specialization in execution of Railway Projects on turnkey basis or otherwise. Your Company is known for its quality, commitment and consistency in terms of its performance. After commencing business as a railway construction company it diversified progressively since 1985 to roads, buildings, electrical sub-station and distribution, airport construction, commercial complexes, as well as to metro works. It has been one of the few construction companies in the public sector to have earned substantial foreign exchange for the Country and paid dividend without fail every year to the Government.

As a construction organization, the Company operates in the entire spectrum of construction activities and infrastructure services; Railways and Highway Construction, Tunnels & Bridges, Railway Workshops, EHP sub-station (engineering and constructions) and MRTS being the core competence areas.

The Company has executed many landmark construction projects in the last 41 years both in India and abroad. In India, in particular, it has also been undertaking projects even in difficult terrains and disturbed regions. The Company has so far completed more than 120 projects in more than 24 countries across the globe, and 376 projects in India.

The Company is an ISO certified Company for Quality, Environment, and Occupational Health and Safety Management Systems, a Schedule 'A' public sector company, and a Mini Ratna – Category I.

#### LEGAL STATUS AND AUTONOMY

The Company, a legal entity separate from the Government, is legally, functionally, and financially autonomous, operates under the corporate laws as an independent commercial enterprise, does not receive any budgetary or financial support from the Government, nor is it a dependent agency of the Government. However, the Government of India through the Ministry of Railways and the Department of Public Enterprises under the Ministry

of Heavy Industries and Public Enterprises, monitors its performance through a system of Memorandum of Understanding (MOU) as regards targets to be achieved every year as part of accountability to the Parliament in respect of all government companies. Government can issue and does issue guidelines to regulate and bring about some uniform pattern in the functioning of the Company as a public sector company. However, no Government department has any supervisory authority to exercise control over the Company which is managed and run under the superintendence, control, and direction of its Board of Directors as per the Companies Act.

#### **BUSINESS ENVIRONMENT**

India is not only among the world's fastest growing major economies, but also one of the few economies enacting major structural reforms. Indian economy registered a growth of 7.1% for the financial year 2016-17 in the backdrop of two major domestic development viz. demonetization of two highest denomination notes in November 2016, and subsequently implementation of Goods & Service Tax (GST) in July 2017.

To make this growth rate consistent and enduring, the government continues with its initiatives on economic reforms, increase in public investment in infrastructure and development projects, export growth etc. A total allocation of Rs. 3,96,135 crore for infrastructure development in 2017-18 would afford business opportunities for your Company. The historic step of merger of the Railways Budget with the General Budget would facilitate multi-modal transport planning between railways, highways, and inland waterways.

Some of the initiatives of infrastructure development which may yield business opportunities to your Company are given below:

#### <u>Railways:</u>

The total capital and development expenditure of Railways for the year 2017-18 has been pegged at Rs. 1,31,000 crore which includes allocation of Rs. 55,000 crore by the Government. The main focus area of Railways would be modernization and up-gradation of identified corridors, commissioning of new railway lines doubling of

I

about 3500 km, re-development of about 400 railway stations, feeding of about 700 railway stations with solar power, etc.

To enhance the competitiveness of railways, end to end integrated transport solutions for select commodities (eg. coal) will be, inter-alia, implemented through partnership with logistics players.

Proposed new law on metro rail coupled with allocation of Rs. 18000 crore would facilitate greater participation and investment in construction and operation of metro projects.

High Speed Rail Corporation set up by Indian Railways for implementing Mumbai-Ahmedabad high speed rail corridor under Japanese funding may also afford business opportunities in railway sector in addition to continuing works on western dedicated freight corridor by DFCCIL.

#### Roads:

An allocation of Rs. 64,900 crore to the Ministry of Road Transport and Highways (MORTH) would give impetus to construction & development of roads and highways.

In addition to already continuing initiatives like development of national highways under NHDP, improvement of road connectivity in left wing extremism affected areas, special accelerated Road Development Programme for North-Eastern Region (SARDP-NE), National Highway Inter-connectivity Improvement Programme (NHIIP), improvement in the efficiency of National Corridors development of economic corridors/ feeder routes, rural roads under PMGSY, Bharatmala programme to develop road connectivity to Border areas, the emphasis would also be on development of roads for coastal connectivity including road connectivity for nonmajor ports.

The Government has initiated 'Setu Bharatam' in 2016 for construction, rehabilitation and widening of 1500 major bridges and 208 railway over bridges (RoBs)/ railway under bridges (RUBs) on National Highways.

The preferred mode of execution of projects in highway sector remains EPC (Engineering, Procurement, and Construction); DBFOT (Design, Build, Finance, Operate, and Transfer); and HAM (Hybrid Annuity Model).Projects by Indian Railways are also likely to be bid out on EPC and DBFOT basis. Your Company may need to form strategic alliances for bagging the projects being offered on EPC, DBFOT, and HAM basis.

One of the recent trend in mode of execution of construction and development of railway works is through setting up of joint ventures with State Governments. Railways have already set up 9 such joint ventures with State Government for execution of 70 identified projects.

#### **Electrical Projects:**

Indian Railways has decided to electrify 24,400 km track by 2020-21 under 'Mission Electrification'. Ircon has also been awarded the electrification work of 'Mathura-Kasganj -Kalyanpur' and 'Katni-Singrauli' at an estimated cost of Rs. 305.90 crore and Rs. 258.36 crore respectively.

In addition to the railway electrification work, IT enablement and strengthening of power distribution network in urban areas at an estimated cost of Rs. 32,612 crore is in the offing under Integrated Power Development Scheme (IPDS) of Ministry of Power.

In <u>International arena opportunities exist</u> in countries like Malaysia, Bangladesh, Bhutan, Sri Lanka and Iran.

#### Present Project Profile:

Your Company has secured road projects from NHAI in the last two years (i.e. 2014-15 to 2015-16) for which two wholly owned subsidiary companies as Special Purpose

Vehicles (SPVs) have been incorporated viz. Ircon PB Tollway Limited [for widening and strengthening of the existing Bikaner - Phalodi section of NH-15 on BOT (Toll) basis in the State of Rajasthan] and Ircon Shivpuri Guna Tollway Limited [for four laning of Shivpuri-Guna section of NH-3 on BOT (Toll) basis on DBFOT pattern under NHDP Phase-IV in the State of Madhya Pradesh]. Your Company further secured road project viz. Davanagere Haveri Highway project from NHAI during the year 2016-17, for which another wholly owned subsidiary company has been incorporated viz. Ircon Davanagere Haveri Highway Limited, after the close of the year.

Additionally, the Company is a stakeholder in five SPVs to undertake rail connectivity projects for coal movement. Three such SPVs viz. 'Chhattisgarh East Railway Limited', 'Chhattisgarh East-West Railway Limited' and 'Bastar Railway Private Limited' are in the State of Chhattisgarh; and one each in the State of Odisha and Jharkhand viz. 'Mahanadi Coal Railway Limited' and 'Jharkhand Central Railway Limited' respectively.

**Your Company is having active presence** in Sri Lanka, Malaysia, Bangladesh, Algeria, Bhutan, South Africa, and Nepal.

#### OUTLOOK

The Vision and Mission of the Company are as follows:

#### FINANCIAL PERFORMANCE

The total income of the Company during 2016-17 stood at

40 **ANNUAL REPORT** 2016-17

Rs. 3254 crore as compared to Rs. 2860 crore in 2015-16. About 92% of the total income i.e. Rs. 2995 crore, has arisen from operations, out of which about 10.92% i.e. Rs.327 crore has been contributed by foreign projects.

Operating income from foreign projects has decreased by 20% over the previous year. The main reason being completion of foreign projects in Sri Lanka and Malaysia and in previous years, Company had received certain claims from clients against projects in Malaysia and Mozambique. There had been a corresponding decrease of 11.63% in Profit before tax from Rs. 602 crore in 2015-16 to Rs. 532 crore in 2016-17.Profit after Tax has also decreased by 6.58% from Rs. 395 crore in 2015-16 to Rs. 369 crore in 2016-17. Net Worth has increased by 4.39% during the year, whereas earnings per share have decreased by 6.59% from Rs. 39.91 in 2015-16 to Rs. 37.28 in 2016-17.

Turnover of the Company is showing increasing trend and the Company has secured new projects whereby the order book stands increased to Rs. 18878 crore approx.

The details of interim dividend paid and dividend proposed for consideration and declaration by the shareholders, over and above the interim dividend, at the forthcoming AGM is given in Directors' Report under Para C of 'Financial Highlights'.

#### **OPERATIONAL PERFORMANCE**

#### A. Sectoral Performance:

Railways continued to be the primary sector of interest contributing highest to the operating income, though its portion has reduced. Highways and Electrical have been the other two important sectors contributing 19.67% and 8.45% respectively to total operating income during 2016-17. A sector-wise comparative position for the last three years is given below:

					(KS.	in crore

#### STRENGTHS

The Company has rich experience of timely execution of a large number of international projects, especially in developing countries. Its key strengths continue to be impressive financials (reflected in the consistent profitability and healthy balance sheet of the Company), established credentials, and competent manpower. The Company has a track record of quality performance in time to the satisfaction of its customers.

Your Company has developed some of the best processes and methodologies to provide economic solutions and quality output while meeting tight schedules on the most challenging projects. With its expertise and professional approach to work, your Company has not only widened its horizons of work, but also propelled itself to traverse the physical boundaries of the country.

Your Company's continued good relations with Railways and the expertise available for execution of various railway projects like doubling works, construction of new railway lines and rehabilitation works, has resulted in award of new projects on East Central Railway and West Central Railway.

#### **OPPORTUNITIES**

A number of macro level and sectoral initiatives undertaken to improve economic growth coupled with revival of interest in the development of infrastructure sector in the last few years in India as well as abroad, particularly in Railway sector, has opened up several opportunities for securing more business. Continuous efforts to develop maximum number of other related and remunerative projects in States of Chhattisgarh, Odisha, and Jharkhand, shall continue to bring more business in the coming years

As a result of sustained marketing efforts in open market, your Company has succeeded in securing three packages on DFCCIL project on Western Dedicated Freight Corridor, and had signed a MoU with Construction and Development of Transportation Infrastructure Company (CDTIC), a company owned by Government of Iran, for the financing and execution of Chabahar-Zaheden Railway project.

A large number of projects are coming up in the Highways sector on EPC, DBFOT, and HAM basis. A dedicated team has been developed to focus on such projects. Further, Ministry of Transport, Malaysia is being pursued to secure a Turnkey Railway contract for the Company on Government to Government (G2G) basis. Also, projects on Indian Railways are also likely to be bid out on EPC and DBFOT basis in future.

The commitment of Government of India for new lines of credit amounting to USD 10 billion for Africa, would afford opportunities of securing works in countries like Tanzania, Ghana, Kenya, Ethiopia etc. in addition to projects under multilateral funding.

Adoption of Information Technology to expedite data and information sharing will ensure improvement of Operational Efficiency of the Company. Further, adoption of e-tendering system shall cut time and effort for expeditious project, delivery, besides ensuring transparency in all processes.

#### **CONSTRAINTS**

Although every organization has to work within a certain legal framework, the Company as a public sector company faces more constraints (not applicable to private sector companies) which puts it at a disadvantage in a competitive market. The structural changes in the construction industry in the last few years whereby all construction and financial risks are being transferred to the Contractors from the employers poses fresh challenge to the Company. These higher risks are willingly taken up by private sector companies to capture a sizeable portion of the market.

Ircon being a domain player in the railway infrastructure segment, has been able to secure a fair share of railway business for the Company in the past. However, entry of a

large number of players in the highways sector has made it difficult for the Company to compete in Item Rate Contracts. Further, with the Employer(s) diluting the qualification requirement, a sizeable number of contractor are diversifying in Railway segment thereby increasing the competition for Ircon.

Most of the upcoming private organizations in the infrastructure sector are willing to take higher risk and work at low profits to increase their order book position and capture a wider share of the market, which poses fresh challenges for the Company.

The Company is operating in a highly competitive and price cutting environment of the construction industry where profit margin is diminishing due to increased market competition in the traditional areas of operation. With the changes in the Government policy as well as proposed disinvestment of shares by the Government to be offered to private parties, there is likelihood of reduction of new work orders coming on nomination basis from Indian Railways and other government agencies. Hence, the Company has to prepare itself to expand its footprint in high technology and high value projects like High Speed Railway projects and PPP investment projects.

#### STRATEGY

The Company is focused towards strategic business development to sustain and improve its order book position by giving a thrust to its areas of core competence and international business. Core competence of the Company namely, Railways, Highways, Electric substations, S&T, and Railway Electrification, is being further consolidated.

There is need to revise Ircon's strategy in bidding for contracts in the infrastructure sector in view of the challenges being posed by the above constraints. The revised strategy should take into account the Company's strength in terms of its large and trained manpower, credentials to execute mega projects and financial resources and its weaknesses on account of being a government entity limiting its ability to take risk and work on lower margins, to secure projects in a higher competitive environment. The Company also needs to increase its efforts to secure contracts through strategic tie ups with Indian and International companies both in domestic and the foreign markets. To remain competitive in the business, the Company plans to participate in more

tenders in Joint Venture/ Consortium with other good companies.

#### **RISKS AND CONCERNS**

#### A. <u>Project Risk Management:</u>

The Company has a Risk Management Committee of Whole-time Directors, a Rapid Action Group at General Manager / Executive Director (below board) level, business group, and internal audit to ensure its implementation. Risk Management Policy, Risk Management Processes, and MIS reports formats including MIS reports on Risk Management have been evolved in accordance with the Framework. Reports from Rapid Action Group and internal audit are required to be submitted through the Risk Management Committee to the Audit Committee for review.

In India, a major concern in execution of projects is nonavailability of encumbrance free land, and delayed approval of drawings and estimate due to which there is a risk of time and cost overruns which are seldom compensated by the client.

#### B. Treasury Risk Management

Your Company was assigned a 'CARE AAA' rating by Credit Analysis & Research Limited (CARE) for long-term nonfund based credit facilities and an 'A1+' rating for shortterm non-fund based credit facilities in 2008-09 based on BASEL II norms of the Reserve Bank of India. These rating have been re-affirmed in an annual surveillance review by CARE in November 2016.

Ircon conducts its business in various countries and, therefore, has to deal in foreign currencies. Execution of projects abroad necessitates investing some funds in foreign banks in order to take care of any exigency arising on account of temporary cash flow mismatch. However, dealing in foreign currencies involves foreign exchange risk and the exchange rate may change unfavorably before the currency is exchanged. In order to minimize or eliminate foreign exchange risk, these exchange rate fluctuations are monitored constantly and surplus funds are exchanged / repatriated to India at the appropriate time, and in accordance with the laws. Efforts are made to provide a natural hedge by matching foreign currency inflows and outflows from various foreign projects. Investment guidelines for foreign projects have been formulated to ensure placement of funds with foreign banks in a fair and transparent manner.

#### INTERNAL CONTROL SYSTEM

Your Company has adequate internal control mechanism and an Internal Audit System commensurating with its size and nature of business. During the year, a revised internal audit framework has been approved and adopted in the Company. The said framework provides scope of Internal Audit covering areas from tendering to statutory compliances. The same has been issued for implementation to internal auditors so as to make the internal audit system more effective and project specific. Projects are closely monitored through online/offline reporting formats and the key performance indices are monitored by the Management on monthly basis.

The Company has in place an organizational chart and a system of delegation of powers. This coupled with robust internal MIS systems, ensures appropriate information flow to facilitate effective monitoring. Adherence to these processes is monitored through internal audits. The frequency of the Internal Audit is linked with the turnover and percentage of completion of the each project.

The Company has an internal audit system that requires the Internal Auditors to comment on the existence of adequate internal control systems and compliance therewith in addition to the opinion on existence of proper risk assessment and mitigation mechanism. The Internal Auditors are experienced chartered accountant firms which are selected through a transparent selection process, and upon appointment directly report to the Management. This ensures Internal Auditors' independence. Reports of the Internal Auditors are reviewed, compliances are ensured, and synopses of Audit Reports along with compliance are put up by Internal Audit Department for consideration of the Audit Committee.

The internal control and audit system are being reviewed periodically by the Management as well as by the Audit Committee, followed up by corrective action, whenever necessary as a part of continuous improvement. A study by a professional agency is in place for further strengthening the Internal Financial Control in Ircon. The recommendations of the study will be implemented for strengthening the Internal Financial Control. A structured Fraud Prevention, Detection, and Control Policy (FPDC Policy) along with a Whistle Blower Policy duly approved by the Board of Directors is in place with facility to make ecomplaints in confidence.

#### **HUMAN RESOURCE**

The Company aims to achieve the right size and right mix of human resource/ employees for the organization. Since your Company is a project based company, there are fluctuations in the manpower requirements which are being taken care by recruiting employees on deputation, contract, and service contract. Recruitment strategies have been re-engineered to tune them with the overall strategy of the Company to keep cost of supervision and establishment at optimum level. Training programmes are designed so as to enhance both technical and managerial skills of employees.

The Company offers post superannuation benefits of Contributory Provident Fund, Gratuity, and Post retirement indoor medical benefits through a Medical Trust to all its employees. During the year, your Company organized 2nd Corporate Ircon Inter Project Quiz covering a wide range of topics, as a tool for employee learning and engagement. Further, Ircon started Ircon Corporate Quiz which focused only on Quality and OHSAS compliances and other aspects of the Company.

The total manpower strength as on 31st March 2017 was 1495 employees. The attrition rate during 2016-17 was 1.27%, with 15 employees leaving the organization.

With an aim to build competency based framework for managing human resources, training programmes are being designed to align the skills of organisation's human resources with that of the company's present and future needs. Under succession planning policy of the Company, steps are being taken to identify a potential pool of likely leaders to take up critical roles in future. To groom this pool of potential leaders, organization aims to train them with regard to future job requirements by involving them in cross-functional activities and through mentorship and stretch assignments.

## CERTIFICATE on COMPLIANCE WITH THE CONDITIONS of CORPORATE GOVERNANCE UNDER CORPORATE GOVERNANCE GUIDELINES of DPE

To THE MEMBERS OF IRCON INTERNATIONAL LIMITED NEW DELHI

In respect of the compliance of the conditions of Corporate Governance for the year ended 31st March, 2017, by IRCON INTERNATIONAL LIMITED, a Government Company under section 2(45) of the Companies Act, 2013, as required by the Guidelines on Corporate Governance issued by the Department of Public Enterprises (DPE):

We have studied the Corporate Governance Report of the said Company as approved by its Board of Directors. We have also examined the relevant records and documents maintained by the Company and furnished to us for our review in this regard.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to a review of procedures and implementation thereof adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statement of the Company.

We state that there has been no investor grievance during the year against the Company as per the records maintained by the Company.

We further comment that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

In our opinion and to the best of our information and on the basis of our review and according to the information and explanations given to us, we certify that the Company has complied with the mandatory requirements of Corporate Governance in all material respects, in conformity with the requirements of the Guidelines on Corporate Governance issued by the Department of Public Enterprises (DPE) in respect of corporate governance norms for a mini-ratna Public Sector Company.

### KG SOMANI & COMPANY Chartered Accountants www.kgsomani.com, office@kgsomani.com

# INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF IRCON INTERNATIONAL LIMITED

### 1. Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of IRCON INTERNATIONAL LIMITED ("the Company") which comprise the Balance Sheet as at 31st March, 2017, the Statement of Profit & Loss (including Other Comprehensive Income), the Cash Flow statement & the statement of changes in equity for the year then ended, and a summary of significant accounting policies and other explanatory information in which are incorporated the Returns for the year ended on that date audited by branch auditors of the company's branches at Northern Region, Eastern Region, Southern region, J&K region, Algeria, Bangladesh, Sri-Lanka, Malaysia, Bhutan, Patna & Mumbai Region.

# 2. Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the State of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS)prescribed under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### 3. Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in

order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence obtained by us & other auditors in terms of their reports referred to in others matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

### 4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Company as at March 31, 2017, and its Profit (financial performance including other comprehensive income), its Cash Flow and the changes in equity for the year ended on that date.

### 5. Emphasis of Matters

- i) We draw attention to Note No. 33 to the standalone Ind AS financial statements
- a. The Company has made provision for tax without considering the deduction under Section 80-IA of Income Tax Act, 1961. However, the ITAT has disposed pending appeal for FY 2000-01 allowing deduction u/s 80IA and subsequently CIT(A) has allowed deduction for AY 2012-13 and 2013-14. The matters for other assessment years are contested by the company with the concerned authorities.
- b. The company is offering global income for tax in India after excluding the income earned by its permanent establishments in foreign countries having Double Taxation Avoidance Agreements (DTAA) with India. CIT (A) denied the treatment of excluding such foreign income. Accordingly,the company has subsequently paid taxes, however the matteris contested by the company with the concerned

authorities.

 We draw attention to Note No. 50 to the standalone Ind AS financial statements regarding non-provision of Rs.3.80 crores towards foreign agency commission/ consultancy charges in respect of projects in three foreign countries pending assessment of the performance.

Our report is not qualified in respect of the above matters.

### 6. Other Matters

- We did not audit the financial statements/ information of eleven branches included in the standalone Ind AS financial statement of the company whose financial statements/financial information reflect Total Assets of Rs. 5,676.83 Crores as at 31stMarch 2017, Total Revenues of Rs. 2,889.57Crores for the year ended on that date, as considered in the standalone Ind AS financial statements. The financial statements/information of these branches have been audited by the branch auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosure included in respect of these branches, is based solely on the reports of such branch auditors.
- ii) The comparative financial information of the Company for the year ended 31st March 2016 and the transition date opening balance sheet as at 1stApril 2015 included in these standalone Ind AS financial statements, are based on the previously issued statutory financial statements prepared in accordance with the Companies (Accounting Standards) rules, 2006 audited by the predecessor auditors whose report for the year ended 31st March 2016, and 31st March 2015 dated 2nd September 2016 and 13th October2015 respectively expressed an unmodified opinion& Qualified opinion respectively on those standalone Ind AS financial statements. The adjustments to those financial statements for the difference in accounting principles adopted by the company on transition to the Ind AS have been audited by us.
- iii) The financial statements include the company's share in Profit/Loss of unincorporated Joint Venture (JVs) accounts out of which four JVs accounts have been certified by other firms of chartered

### **ANNUAL REPORT** 2016-17 | 87

Accountants and one JV (IRCON-SPSCPL) has been certified by the management.

Our opinion is not modified in respect of these matters.

### 7. Report on Other Legal and Regulatory Requirements

- (1) As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of section 143(11) of the Act, we give in the **"Annexure A"** a statement on the matters specified in paragraphs 3 and 4 of the Order.
- (2) As required by Section 143(3) of the Act, we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and proper returns adequate for the purpose of our Audit has been received from branches not visited by us.
- c) The reports on the accounts of branch offices of the Company audited under section 143(8) of the Act by branch auditors have been sent to us and have been properly dealt with by us in preparing this report.

### "Annexure A" to the Independent Auditors' Report of even date on the Standalone Ind AS Financial Statements of Company for the year ended 31st March, 2017

### i.

- a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets. In Mumbai Region, Tagging/Numbering to be done on certain assets and assets with third parties needs to be confirmed from third party.
- b) The fixed assets were physically verified by the management during the year. There is a regular program of verification, which in our opinion, is reasonable having regard to the size of the Company and nature of its business. No material discrepancies were noticed on such verifications.
- c) The title deeds of immovable properties are held in the name of the Company, except one lease hold building at Pall Hill, documents for the same are yet to be executed in Mumbai Region.
- The inventory has been physically verified by the management at reasonable intervals during the year.
   In our opinion, the frequency of verification is reasonable. The discrepancies noticed on comparison of physical verification with book records were not material and have been properly dealt with in the books of account.
- iii. According to the information and explanation given to us by the management and records produced, the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013.Therefore, paragraph 3(iii) of the Order is not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, in respect of loans, investments, guarantees and security; the provisions of section 185 and 186 of the Companies Act, 2013 have been complied with.

- v. According to the information and explanations given to us, and as per our examination of records, the Company has not accepted any deposits from public and therefore, the directives issued by the Reserve Bank of India and the provisions of Section 73 to 76 or any other relevant provision of the Companies Act, 2013, and rules framed there under, are not applicable.
- vi. The Company has maintained cost records as required under section 148(1) of the Companies Act, 2013. However, we are neither required to carry out, nor have carried Out any detailed examination of such accounts and records.

### "Annexure B" to the Independent Auditors' Report of even date on the Standalone Ind AS Financial Statements of Ircon International Limited for the year ended 31st March, 2017

# Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Ircon International Limited "the Company" as of March 31, 2017 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

# Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on,"the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

# Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the

company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Qualified Opinion**

According to the information and explanations given to us and based on our audit and branch auditor's audit report, the following material weaknesses have been identified as at March 31, 2017.

- (a) The Company has an integrated ERP system which was not used at its full potential. During the financial year, different software packages like Tally and Fox Pro were used by the company through software links or manual intervention for the preparation of financial statements. This has resulted into weak internal control over financial reporting.
- (b) The internal audit system needs to be strengthen since time lines of the internal audit programme were not followed during the financial year and delayed reporting in internal audit of the Indian region/foreign branches were noticed. Also, the mechanism to review of internal audit report is not robust.
- (c) The Inventory records at some units is maintained manually and the inventory manual in SAP is under consideration. Further continuous identification system of surplus/obsolete/broken assets and material/stores is inadequate and needs to be strengthened.

A material weakness' is a deficiency, or a combination of deficiencies in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the effects/ possible effects of the material weaknesses described above on the achievement of the objectives of the control criteria, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, "based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

### **Emphasis of Matter**

- 1. Attention is invited to note no. 51 to the financial statements regarding supervision charges on unreturned steel at reduced rate and waiver/release of liquidation damages, escalation claims & other charges in respect of one of the contract of Patna region.
- 2. Few cases of reduction of bills by the client and accepted by the project without noting therein full reasons/justifications have been observed In Northern region

#### **Other Matters**

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to a branches/Region, is based on the corresponding report of other auditors.

#### 1. Corporate Information

Ircon International Limited is a public sector construction company domiciled in India (CIN :U45203DL1976GOI008171) and is incorporated under the provisions of the Companies Act applicable in India with specialization in execution of Railway projects on turnkey basis and otherwise. After commencing business as a railway construction company it diversified progressively to roads, buildings, electrical substation and distribution, airport construction, commercial complexes, as well as metrorail works. The Company caters to both domestic and international markets. The Company is an ISO certified Company for Quality, Environment and Occupational Health and Safety Management systems; a Schedule'A' public sector company and a Mini Ratna-Category I. The registered office of the company is located at C-4, District Centre, Saket, New Delhi-110017.

The financial statements were authorized for issue in accordance with a resolution of the Board of directors on Dated 21.09.2017.

- 2. Significant Accounting Policy under Ind AS (Standalone)
- (i). Basis of Preparation
- a) Statement of Compliance

The financial statements as at and for year ended March 31, 2017 have been prepared in accordance with Indian Accounting Standards (Ind-AS) notified under section 133 of the companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian accounting standards) Amendment Rules 2016.

For all periods up to and including the year ended 31 March 2016, the company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP). These financial statements for the year ended 31 March 2017 are company's first IND AS financial statements.

Refer to separate note no.29 for information on how the company has adopted Ind AS.

### b) Basis of Measurement

The financial statements have been prepared under the historical cost convention and on an accrual basis, except for the following item that have been measured at fair value as required by relevant Ind-AS.

- i. Defined benefit Plan and other long term employee benefits
- ii. Certain financial assets and liabilities measured at fair value.
- iii. Provisions as per para (x) (D) below, where time value of money is material.

#### c) Use of Estimates and Judgment

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, disclosure of contingent assets and liabilities at the date of financial statements and the reported amount of revenue and expenses. Actual results may differ from these estimates.

#### Key accounting estimates:

**Recognition of deferred tax assets** – The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized.

**Provisions** – At each balance sheet date on the basis of the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

**Revenue –** The Company recognises revenue using the percentage of completion method. This requires forecasts to be made of total budgeted cost with the outcomes of underlying construction and service contracts, which require assessments and judgements to be made on changes in work scope, claims (compensation, rebates etc.) and other

### 102 **ANNUAL REPORT** 2016-17

payments to the extent they are probable and they are capable of being reliably measured. For the purpose of making estimates for claims, the company used the available contractual and historical information.

**Property, Plant and Equipment**– Property, Plant and Equipment represent a significant proportion of the asset base of the company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of assets.

Estimates and underlying assumptions are reviewed on a periodic basis. Future results could differ due to changes in these estimates and difference between the actual result and the estimates are recognized in the period in which the results are known/materialize.

d) All financial information presented in Indian rupees and all values are rounded to the nearest crore rupees with two decimal points except where otherwise stated.

### (ii). Statement of Cash flow

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

### (iii). Foreign Currency Transactions

### Functional and presentation currency

and closing buying rate for Assets on the reporting 5. date.

- ii. Income/Expenses Average exchange rate during the year.
- iii. Exchange differences on translation of functional currency to presentation currency are – recognised in OCI (Other comprehensive income)
- On disposal of Foreign Operation (on realization of complete receivables from client) transfer the component of OCI (Other comprehensive income) to profit or loss relating to respective foreign operation.

### (IV). Property, Plant and Equipment

- 1. Freehold land is carried at historical cost. Property, Plant and Equipment are measured at cost less accumulated depreciation and impairment losses, if any.
- 2. The machinery spares which can be used only in connection with an item of Property, Plant and Equipment and whose use is expected to be irregular are capitalized & depreciated/amortized over the balance life of such Property, Plant and Equipment.
- 3. Subsequent cost relating to Property, Plant & Equipment shall be recognized as an asset if:
- a) it is probable that future economic benefits associated with the items will flow to the entity; and
- b) the cost of the item can be measured reliably.
- 4. Cost of asset includes the following
- i. Cost directly attributable to the acquisition of the assets
- ii. Incidental expenditure during the construction period is capitalized as part of the indirect construction cost to the extent the expenditure is directly related to construction or is incidental thereto.
- iii. Present value of the estimated costs of dismantling & removing the items & restoring the site on which it is located if recognition criteria are met.

- . Cost of replacement, major inspection, repair of significant parts and borrowing costs for long-term construction projects are capitalized if the recognition criteria are met.
- 6. An item of Property, Plant and Equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement.
- 7. Amounts paid towards the acquisition of Property, Plant and Equipment outstanding as of each reporting date and the cost of Property, Plant and Equipment not ready for intended use before such date are disclosed under capital work- in-progress. Expenses directly attributable to project, prior to commencement of commercial operation, are considered as project development expenditure and shown under Capital Work-in-Progress.

### **Transition to Ind AS**

On transition to Ind AS, the company has opted to continue with the carrying value of all its property, plant and equipment recognised as at 1<sup>st</sup>April 2015 measured as per the previous GAAP and use that carrying value as deemed cost of the property, plant and equipment.

### Depreciation

- (a) Depreciation on Property, Plant and Equipment is provided on Straight Line basis (SLM) over the useful life of the assets as specified in Schedule II of the Companies Act, 2013.
- (b) Each part of an item of Property, Plant and Equipment is depreciated separately if the cost of part is significant in relation to the total cost of the item and useful life of that part is different from the useful life of remaining asset.
- (c) The estimated useful life of assets for current period of significant items of Property Plant and Equipment are as follows:

104 | ANNUAL REPORT 2016-17 -

Particulars	Useful Life (yrs.)
Building/flats residential/ non-residential	60
Plant and Machinery	8-15

- (d) Leasehold land and improvements are amortized over the lower of estimated useful life and lease term.
- (e) Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted prospectively, if appropriate.
- (f) Property Plant and Equipment acquired during the year, individually costing up to Rs. 5000/- are fully depreciated, by keeping Re. 1 as token value for identification. However, Mobile phones provided to employees are charged to revenue irrespective of its value.

### (v). Intangible Assets

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at historical cost less accumulated amortization and impairment loss, if any.

### Amortization of Intangible Assets

(a) Intangible assets are amortized over their respective estimated useful lives on a straight-line basis from the date that they are available for use.

The estimated useful life of intangibles is as follows:

Intangible Assets	Useful Life	Internally generated or self-generated
Software	Finite (36 months)	Acquired

- (b) Amortization methods, useful lives and residual values are reviewed at each reporting date.
- (c) Software cost up to Rs. 1 Lakhs in each case is fully amortized in the year of purchase, by keeping Rs. 1 as token value for identification.

### **Transition to Ind AS**

On transition to Ind AS the company has opted to continue with the carrying value of all of its Intangible assets recognized as at 1<sup>st</sup> April 2015 measured as per the previous GAAP and use that carrying value as deemed cost of intangible assets.

### (vi). Investment properties

- a) Investment property comprises completed property, property under construction and property held under a finance lease that is held to earn rentals or for capital appreciation or both, rather than for sale in the ordinary course of business or for use in production or administrative functions.
- b) Investment Properties are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.
- c) The company depreciates building component of investment property over 60years from the date of original purchase/completion of construction.
- Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. Difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of de-recognition.

### (vii). Investments in subsidiaries and Joint Arrangements

a) Investment in Subsidiaries

### **ANNUAL REPORT** 2016-17 | 105

Investments in subsidiaries are accounted for at cost.

### b) Joint Arrangement

Investment in joint arrangement are classified as either Jointly controlled operations under work sharing arrangement (joint operation) or Contracts executed by jointly controlled entity (joint ventures). The classification depends on the contractual rights and obligations of each JV partner rather than the legal structure of the joint arrangement. Company has both joint ventures and joint operations.

### i) Joint Operations

Company recognises its direct right to the assets, liabilities, revenue and expenses of joint operations and its share of any jointly held or incurred assets, liabilities, revenue and expenses.

ii) Joint Venture

Income on investments is recognized when the right to receive the same is established.

Investment in such joint ventures is carried at cost in separate financial statements.

### **Transition to Ind AS**

On transition to Ind AS, the company has opted to continue with the carrying value of all its investments in subsidiaries, and Joint ventures recognised as at 1<sup>st</sup>April 2015 measured as per the previous GAAP and use that carrying value as deemed cost of investment in subsidiaries, and Joint ventures.

### (viii). Inventories

### (a) **Construction Work in Progress**

Construction work-in-progress is valued at cost till such time the outcome of the job cannot be ascertained reliably and at realizable value thereafter. Site mobilization expenditure to the extent not written off valued at cost.

### (b) Others

(i) In Cost Plus contracts, the cost of all materials,

spares and stores not reimbursable as per the terms of the contract is shown as inventory valued as per (III) below.

- In Item Rate and Lump Sum Turnkey contracts, the cost of all materials, spares (other than capitalized) and stores are charged to Statement of Profit and Loss in the year of use.
- (iii) Inventories are valued at lower of the cost arrived at on First in First out (FIFO) basis and net realizable value.
- (iv) Loose tools are expensed in the year of purchase.

### (ix). Cash and Cash Equivalents

Cash and cash equivalent in the Balance sheet comprise of cash at bank, cash in hand, other short term deposits with banks with an original maturity of three months or less and highly liquid investments, that are readily convertible to known amount of cash and which are subject to insignificant risk of changes in value and Bank overdraft.

For the purpose of statement of cash flow, cash and cash equivalents consist of cash and short term bank deposits etc., as defined above, net of outstanding bank overdrafts since they are considered integral part of the company's cash management.

### (x). Provisions

#### A- Provision for Maintenance

- a) In Cost Plus contract, no provision for maintenance is required to be made where cost is reimbursable.
- b) Item Rate and Lump Sum turnkey contracts, provision is made for maintenance to cover company's liability during defect liability period keeping into consideration the contractual obligations, the obligations of the sub- contractors, operating turnover and other relevant factors.
- c) Provision for unforeseen expenditure during design guarantee period is made based on risk perception of management in each contract assessed at the end of each financial year. This shall, however, be subject to a minimum of Rs. 50 lakhs and maximum

106 **ANNUAL REPORT** 2016-17

of the amount of Design guarantee specified in ii) Contract Agreement with the Client.

## B- Provision for Demobilization

Provision for demobilization meet the expenditure towards demobilisation of Manpower and Plant & Equipment is made in foreign projects.

## C- Others

Provision is recognized when:

- i) The Company has a present obligation as a result of a past event,
- ii) A probable outflow of resources is expected to settle the obligation and
- iii) A reliable estimate of the amount of the obligation can be made.

Reimbursement of the expenditure required to settle a provision is recognised as per contract provisions or when it is virtually certain that reimbursement will be received. Provisions are reviewed at each Balance Sheet date.

## D- Discounting of Provisions

Provision recognised as per above point a, b and c which expected to be settled beyond 12 months are measured at the present value by using pretax discount rate that reflects the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expenses.

### (xi). Revenue Recognition

## (a) Contract Revenue Recognition

Contract revenue is measured at the fair value of the consideration received or receivable recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Depending on the nature of contract, revenue is recognized as under-

 In cost plus contracts, revenue is worked out by including eligible items of expenditure in the bills raised on the clients and charging specified margin thereon.

- In fixed price contracts, revenue is recognized using the percentage of completion method. The percentage of completion is determined as a proportion of cost incurred of work certified up to the reporting date to the total estimated cost of the contract.
- iii) When it is probable that total contract cost exceeds total contract revenue, the expected loss shall be recognized as an expense immediately.Claims/ Arbitration Awards (including interest thereon) which are granted in favour of the Company, being in the nature of additional compensation under the terms of the contract are accounted as contract revenue when they are granted and where it is certain to realize the collection of such claims/awards.

Revenue does not include Sales Tax/VAT/WCT/ Service Tax etc.

## b) Other Revenue Recognition

- i) Dividend income is recognized when the right to receive payment is established.
- ii) Interest income is recognized taking into account the amount outstanding and the interest rate applicable using Effective Interest rate Method.
- (xii). Leases

### a) Company as a lessee

Finance Lease:-

- (i) that transfers substantially all the risks and rewards incidental to ownership of an asset
- (ii) are capitalised at lease inception at lower of fair value or present value of minimum lease payment
- (iii) payment sare apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability.
- (iv) Finance charges are recognised in finance costs in the statement of profit and loss.
- (v) Depreciated over the useful life of the asset. However, if there is no reasonable certainty to

## **ANNUAL REPORT** 2016-17 | 107

obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

**Operating Lease:-**

- (i) is classified as operating lease when significant portion of the risk and rewards are not transferred to the company.
- (ii) payment are charged to profit and loss on straightline basis over the lease term except where lease payment are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increase.

## b) Company as a lessor

## Finance Lease

- (i) is recognised when substantially all of the risks and rewards of ownership transfer from the company to the lessee.
- (ii) Payment due are recorded as receivables at the company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

## **Operating Lease**

- are the leases in which the company does not transfer substantially all the risks and rewards of ownership to the lessee.
- (ii) incomes are recognized as income in the statement of profit & loss on straight-line basis over the lease term except where lease payment are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increase.

## (xiii). Liquidated Damages and Escalations

 Liquidated damages/penalties (LD) due to delays arising out of the contractual obligations and provisionally withheld from contractors/under dispute are adjusted against contract cost only on final decision in this regard. However, LD recovered/withheld by client is accounted for on recovery/withholding & adjusted against contract revenue. Possible Liquidated Damages in cases where extension is granted by the client subject to their right for levy of penalty is shown as contingent liability.

(ii) Escalation receivable/payable is accounted for as per the provisions of the contract. Escalation receivable but not certified before close of project accounts is included in work- in- progress.

## (xiv).Research and development Expenses

- 1. Research costs are expensed as incurred.
- 2. Development expenditures on an individual project are recognised as an intangible asset when the company can demonstrate:
- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
- Its intention to complete and its ability and intention to use or sell the asset
- How the asset will generate future economic benefits
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

During the period of development, the asset is tested for impairment annually.

## (xv). Mobilization Expenses

The initial contract expenses on new projects for mobilisation will be recognised as construction work in progress in the year of incidence, and pro

108 **ANNUAL REPORT** 2016-17

rata charged off to the project over the years at the same percentage as the stage of completion of the contract as at the end of financial year.

### (XVI). Impairment of non-financial assets

An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value and impairment loss is charged to the Statement of Profit & Loss in the year in which an asset is identified as impaired. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. At each reporting date company assesses the estimate amount of impairment loss. The impairment loss recognized in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount and such losses either no longer exists or has decreased. Reversal of impaired loss is recognized in the Statement of Profit & Loss. . For the purpose of assessing impairment, assets that cannot be tested individually are grouped in to the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash infows from other assets or group of assets (the cash-generating units).

### (xvii). Borrowing Cost

Borrowing cost in ordinary course of business are recognized as expense of the period in which they are incurred. Borrowing cost that is directly attributable to acquisition, construction or production of a qualifying asset is capitalized as part of the cost of such assets upto the commencement of commercial operations

### (xviii). Employee Benefits

## a) Short Term Employee Benefits

- (ii) The company has Defined benefit plans like Gratuity, LTC and other retirement benefits.
- (iii) The Company has created a Trust for Gratuity. The cost of providing benefit is determined on the basis of actuarial valuation using the projected unit credit method at each year-end and is charged to the Statement of Profit & Loss.
- (iv) Provision for Defined benefit plans is made based on actuarial valuation at the year end and Actuarial gains or losses are recognized through Other Comprehensive income.
- (v) Post-retirement Medical benefits are made based on Actuarial valuation or amount available for contribution, whichever is less.
- (vi) Other long term employee benefit includes leave encashment. Actuarial gains or losses on other long term employee benefitsare recognized through statement of profit & loss.
- (vii) Re-measurements of the net defined benefit liability (asset) recognized in other comprehensive income shall not be reclassified to profit or loss in a subsequent period.

## (xix). Taxes

## a) Current Income Tax

- (i) Taxes including current income-tax are computed using the applicable tax rates and tax laws.
- (ii) The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the company operates and generates taxable income.
- (iii) Current income tax assets and liabilities for current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. Liability for additional taxes, if any, is provided / paid as and when assessments are completed.
- (iv) Current tax related to OCI Items is recognized in

## **ANNUAL REPORT** 2016-17 | 109

Other Comprehensive Income (OCI).

## b) Deferred Tax

- (i) Deferred income tax is recognized using balance sheet approach.
- (ii) Deferred income tax assets and liabilities are recognized for temporary differences which is computed using the tax rates and tax laws that have been enacted or substantively enacted at the reporting date.
- (iii) Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.
- (iv) The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.
- (v) Deferred tax related to OCI Item is recognized in Other Comprehensive Income (OCI).

### (xx). Operating Segment

Operating segments are reported in the manner consistent with the internal reporting provided to the chief operating decision maker.

Accordingly, the Company has identified two reporting segments viz. Domestic & International.

### (xxi). Earning Per Share

In determining basic earnings per share, the company considers the net profit attributable to equity shareholders. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period. In determining diluted earnings per share, the net profit attributable to equity shareholders and weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

## (xxii). Contingent Liabilities and Contingent Assets

- (a) Contingent Liabilities are disclosed in either of the following cases:
- A present obligation arising from a past event, when it is not probable that an outflow of resources will be required to settle the obligation; or
- ii) A reliable estimate of the present obligation cannot be made; or
- iii) A possible obligation, unless the probability of outflow of resource is remote.
- (b) Contingent Assets is disclosed where an inflow of economic benefits is probable.
- (c) Contingent Liability and Provisions needed against Contingent Liability and Contingent Assets are reviewed at each Reporting date.
- (d) Contingent Liability is net of estimated provisions considering possible outflow on settlement.

### (xxiii). Fair Value Measurement

Company measures financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

110 **ANNUAL REPORT** 2016-17

Assets and Liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

- Level 3 —Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

At the reporting date, the Company analyses the movements in the values of assets and liabilities which are required to be re-measured or reassessed as per the accounting policies. For this analysis, the Company verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Company also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

## (xxiv). Dividend to equity holders

Dividend paid/payable shall be recognized in the year in which the related dividends are approved

by shareholders or board of directors as appropriates.

### (xxv). Financial instruments

#### A. Initial recognition and measurement

Financial Instruments recognized at its fair value plus or minus transaction costs that are directly attributable to the acquisition or issue of the financial instruments.

## B. SUBSEQUENT MEASUREMENT

#### **B.1** Financial Assets

Financial assets are classified in following categories:

## a). Debt instruments at Amortised Cost

Debt instrument shall be measured at amortised cost if both of the following conditions are met:

- (a) the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows and
- (b) The contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Such financial assets are measured at amortised cost using effective interest rate method less impairment, if any. The EIR amortisation is included in finance income in the statement of profit and loss.

Following financial assets are measured at amortised cost:-

- (i) Trade receivable
- (ii) Security deposit
- (iii) Retention money
- (iv) Money held with client
- (v) Cash and cash equivalent
- (vi) Loan and advances

## **ANNUAL REPORT** 2016-17 | 111

(vii) Investment in Tax free bonds

# b). Debt instruments at Fair value through Other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the Fair value through other comprehensive income if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent solely payment of principal and interest (SPPI).

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned is recognised using the EIR method.

## c) Debt Instruments at Fair Value Through Profit & Loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instruments, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the company may elect to designate a debt instruments, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. If doing so reduces or eliminates a measurement or recognition inconsistency. The company has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of P&L.

## **B.2** Financial liabilities

## a) Financial liabilities at Amortised Cost

Financial liabilities at amortised cost represented by

trade and other payables, security deposits and retention money are initially recognized at fair value, and subsequently carried at amortized cost using the effective interest rate method.

## b) Financial liabilities at FVTPL

The company has not designated any financial liabilities at FVTPL.

## C. De-recognition

### **Financial Asset**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized only when the contractual rights to the cash flows from the asset expires or it transfers the financial assets and substantially all risks and rewards of the ownership of the asset.

## **Financial Liability**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the statement of Profit & Loss.

### D. Impairment of financial assets:

Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivable. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition

Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applies

on whether there has been significant increase in credit risk.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the statement of profit and loss.

# (xxvi). Non-current Assets (or disposal groups) held for Sale

Non-current assets (or disposal groups) are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. The sale is considered highly probable only when the asset or disposal group is available for immediate sale in its present condition, it is unlikely that the sale will be withdrawn and sale is expected within one year from the date of the classification. Disposal groups classified as held for sale are stated at the lower of carrying amount and fair value less costs to sell. Property, plant and equipment and intangible assets are not depreciated or amortized once classified as held for sale. Assets classified as held for sale/distribution are presented separately in the balance sheet.

If the criteria stated by IND AS 105 "Non-current

Assets Held for Sale" are no longer met, the disposal group ceases to be classified as held for sale. Noncurrent asset that ceases to be classified as held for sale are measured at the lower of (i) its carrying amount before the asset was classified as held for sale, adjusted for depreciation that would have been recognized had that asset not been classified as held for sale, and (ii) its recoverable amount at the date when the disposal group ceases to be classified as held for sale.

## (xxvii) Financial guarantees

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

Valuation technique used by valuer to be disclosed	Cost & Income	Cost	Cost (Land & Building)	

## Description of valuation techniques used by valuer :

## Cost Approach :

Under this approach, market value of the land has been estimated using Direct Comparison Approach (Market Approach). The building value has been estimated used Depreciated Replacement Cost (as if new).Within the Cost Approach, the land value is being estimated on the assumption that it is vacant and free of all encumbrances. It is added to the cost of the improvements derived by using the depreciated Replacement Cost method. Replacement cost implies "The current cost of replacement of an asset with a similar utility as if new." Building costs would include the cost of the building components and other improvements. Appropriate depreciation is being applied to the same to estimate the value.

## Income Approach (DCF) :

DCF analysis is the process of valuing an investment property or asset by undertaking an estimation of future cash flows and taking into account the time value of money. Under this technique, the income is projected over the investment cycle and the net income is calculated after the deduction of capital, operating, and other necessary expenses.

i) The carrying amounts of current trade receivables, trade payables, security deposits and retention money, cash and cash equivalents, bank balances and other financial assets and liabilities are considered to be the same at their fair values, due to their short term nature.

- ii) The fair value of long term security deposits, retention money and long term trade payables were calculated based on cash flows discounted using current market rate. They are classified as level 3 fair values hierarchy due to inclusion of unobservable inputs.
- iii) Investment in unquoted equity of subsidiaries and joint ventures are stated at carrying value as per Indian GAAP as on 31-3-2015 as per exemption provided by para 10 of IND AS 27.
- iv) Loans and Advances given to related parties are at market rate, therefore the carrying amount of such loans and advances are equal to their fair value.
- v) Staff loans and advances continue to be carrying at previous GAAP values as measurement impact is immaterial.

## Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

## iii Financial risk management

The Company's principal financial liabilities comprise trade and other payables. The Company's principal financial assets include loans to related parties, trade and other receivables, and cash and short-term deposits that derive directly from its operations. The Company also holds investment in mutual funds and tax free bonds. The Company's activities expose it to some of the financial risks: market risk, credit risk and liquidity risk.

# a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of changes in market prices. Market risk comprises Foreign Currency Risk and Interest rate risk. Financial instruments affected by market risk includes trade receivables, trade payable and other non derivative financial instruments.

# (i) Foreign Currency Risk

The company operated internationally and is exposed to insignificant foreign currency risk (since receipts & payments in foreign currency are generally matched) arising form foreign currency transactions, primarily with respect to the US \$, EURO, YEN, BDT, DZD, LKR, MZN, BTN, ZAR, NPR and MYR. Significant foreign currency risk of company are naturally hedged. (Refer Note No. 36)

# ii) Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of change in market interest rate. The company manages its interest risk in accordance with the companies policies and risk objective. Financial instruments affected by interest rate risk includes tax free bonds and deposits with banks. Interest rate risk on these financial instruments are very low as interest rate is fixed for the period of financial instruments.

# b) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investment. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

## Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment.

The following table gives details in respect of percentage of revenues generated from top five projects.

# c) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The Company's corporate treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management.

The table below provides details regarding the contractual maturities of significant financial liabilities as at 31 March 2017, 31 March 2016 and 1 April 2015.

			(KS. III Grore)		
Particulars	As on 31 March,2017				
	Less than 1 Year	<b>1-2 years</b>	2 Years and above		
Trade payables	267.80	0.51	59.12		
Other financial liabilities	<b>593.11</b>	78.02	103.05		

Particulars	As on 31 March, 2016				
	Less than 1 Year	<b>1-2 years</b>	2 Years and above		
Trade payables	301.26	3.00	64.19		
Other financial liabilities	544.94	74.45	64.60		

Particulars	As on 1April,2015					
	Less than 1 Year	<b>1-2 years</b>	2 Years and above			
Trade payables	375.10	2.75	45.76			
Other financial liabilities	572.77	63.23	29.92			

#### d) Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

In order to avoid excessive concentrations of risk, the Company's policies and procedures include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

#### iv Capital Management

The company objective to manage its capital in a manner to ensure and safeguard their ability to continue as a going concern so that company can continue to provide maximum returns to share holders and benefit to other stake holders. Currently company does not have any borrowings.

Further, company manages its capital structure to make adjustments in light of changes in economic conditions and the requirements of the financial covenants. No changes were made in the objectives, policies or processes of managing capital during the year ended 31st March 2017.

## 29. First-time adoption of Ind-AS

These standalone financial statements of Ircon International Limited for the year ended March 31, 2017 have been prepared in accordance with IndAS. For the purposes of transition to IndAS, the Company has followed the guidance prescribed in IndAS 101-First Time adoption of Indian Accounting Standard, with April 1, 2015 as the transition date and IGAAP as the previous GAAP.

The transition to IndAS has resulted in changes in the presentation of the financial statements, disclosures in the notes thereto and accounting policies and principles. The accounting policies set out in Note 1 have been applied in preparing the standalone financial statements for the year ended March 31, 2017 and the comparative information.

Exceptions / Exemptions availed on first time adoption of Ind AS 101

1. Estimates :

Present estimates should be consistent with estimates made under the previous GAAP unless:

- i) There was an error, or
- ii) The estimate and related information under previous GAAP is no longer relevant because the entity elects a different accounting policy on the adoption of Ind AS.

In our case present estimates are consistent with estimates made under the previous GAAP

2. De-recognition of financial assets and financial liabilities :

The company has elected to apply the de-recognition requirements for financial assets & financial liabilities in Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS.

3. Classification and measurement of financial assets :

The company has classified and measured the financial assets in accordance with the Ind AS 109, on the basis of facts & circumstances that exist at the date of transition to IndAS.

4. Deemed Cost (Ind-AS 16&Ind AS 38) :

Previous GAAP carrying value to be considered as 'deemed cost' as on transition date for Property, Plant and Equipment (after adjusting decommissioning liabilities, if any), intangibles Assets.

5. Investments in subsidiaries, Joint ventures and associates (Ind-AS 27- Separate Financial Statement):

In Standalone financial statements, investments in subsidiaries, joint ventures and associates to be recorded at deemed cost which is previous GAAP carrying amount at that date.

6. Decommissioning liabilities included in the cost of Property, Plant and Equipment(Ind AS 16 -Property, Plant and Equipment) :

Company has adopted to measure decommissioning liability on the date of transition to Ind AS prospectively. The obligation shall be capitalized as a separate component of PPE, together with the accumulated depreciation from the date the obligation was incurred to the transition date. The amount to be capitalized as part of the cost of the asset shall be calculated by discounting the liability back to the date the obligation initially arose using the best estimate of the historical risk adjusted discount rates. The associated accumulated depreciation shall be calculated by applying the current estimate of the useful life of the asset, using the entity's depreciation policy for the asset.

7. Non-current assets held for sale(Ind-AS 105) :

Company has adopted to measure such assets at transition date at lower of carrying value and fair value and difference, if any, shall be transferred to retained earnings.

- **32**. The Company is liable to pay **Rs. 0.70 crore**(Rs.7.96 crore) on account of taxes on construction profits of Sri Lanka projects which shall be directly reimbursed by Sri Lankan Railway to Sri Lankan Inland Revenue Department. Therefore, the same has not been provided in the books of accounts.
- **33.** (a) Since assessment year 2000-01, the Company has been claiming deduction under Section-80 IA of the Income Tax Act, 1961 in income tax returns, w.r.t. eligible infrastructure construction projects till date.

The Company has filed appeal to ITAT on disallowance by CIT(A) for the said deduction for all assessment years except assessment years 2004-05, 2005-06 and 2007-08 for which the Income Tax department has filed appeal against allowance of deduction by CIT(A).

Accordingly, the Company has made provision for tax without considering the deduction under Section 80-IA since AY 2000-01. Total amount of deduction under section 80IA is **Rs.1050.03 crore** (Rs.1016.32 crore) having tax impact of **Rs. 357.22 crore** (Rs.347.08 crore). Disposing appeal for A.Y. 2000-01, ITAT allowed deduction u/s 80IA. Following decision of ITAT, CIT (A) has allowed the deduction for A.Y. 2012-13 & 2013-14. Thus amount of deduction stands reduced to **Rs. 815.98 crore** having tax impact of **Rs. 280.41 crore.** 

b) The company is offering global income for tax in India after excluding the income earned by its permanent establishments in foreign countries having Double Taxation Avoidance Agreements (DTAA) with India, as per settled legal position that such income can be taxed by source country and is not taxable in India. However, CIT (A) denied the treatment of excluding such foreign income and only gave credit for taxes paid out of India on foreign income for the AY 2006-07, 2008-09 and 2009-10.

Jurisdictional Assessing Officer has also started making the assessment in a similar manner from the AY 2010-11 onwards. Though the Company has paid tax accordingly however, it has filed an appeal to Income Tax Appellate Tribunal for all the assessment year under dispute.

Tax involved under DTAA income issue aggregates to Rs. 237.89 crore (Rs. 415.07 crore).

- 34. (a) The Company had 25% equity stake in Comphanhia Dos Caminhos De Ferro Da Beira SARL Mozambique (CCFB), a Joint Venture Company incorporated as per Mozambican laws in the year 2004 to execute a railway project awarded by the Government of Mozambique (GOM) on BOT basis and had paid USD 1.25 Mn (Rs. 5.53 crore. Other shareholders were RITES & CFM, Mozambique with 26% & 49% share respectively.
  - (b) On 8<sup>th</sup> December 2011, Government of Mozambique (GoM) unilaterally terminated the concession agreement and took over the project which in the opinion of company was unlawful and against the provision of agreement. Consequently, CCFB initiated arbitration against the said decision of GoM. Dispute has now been amicably settled with Government of Mozambique on 21<sup>st</sup> October 2015 through settlement agreement. As per the settlement agreement, IRCON will get in installments an amount of USD 40.31 Million. First installment of USD 17.93 Mn. (equivalent to INR 121.71 crore) for Ircon's share has been received on 20.01.2016. During the

(Rs. in crore)

year, second installment of USD 5.595 Mn (Rs.37.27 crore) received on 20.10.2016. Balance three installments of USD 5.595 Mn each are due on 18.10.2017, 18.10.2018 & 18.10.2019 which will be received through the confirmed Letter of Credit opened by Government of Mozambique.

- (c) After receipt of upfront payment and establishment of Letter of Credit, Company has transferred its shareholding in Comphanhia Dos Caminhos De Ferro Da Beira SARL Mozambique (CCFB) to CFM/Mozambique Ports and Railway Company, representing the Government of Republic of Mozambique on 22.09.2016. Accordingly, Equity investment of USD 1.25 Mn has been transferred and USD 10.64 Mn (Rs. 73.69 crore) has been recognized as profit on sale of investment in the statement of profit and loss for the financial year 2016-17.
- **35.** (a) Some of the balances shown under debtors, advances and creditors are subject to confirmation / reconciliation/ adjustment, if any. The company has been sending letters for confirmation to parties. However, the Company does not expect any material dispute w.r.t. the recoverability/payment of the same.
  - (b) In the opinion of the management, the value of current assets, loans and advances on realization in the ordinary course of business, will not be less than the value at which these are stated in the balance sheet.

## 43. Disclosure under Ind AS-19 on Employee benefits

#### **Provident Fund**

The Company pays fixed contribution of Provident Fund at a pre-determined rate to a separate trust, which invests the funds in permitted securities. The trust is required to pay a minimum rate of interest on contribution to the members of the trust. The amount available in the fund including the returns on investment is greater than the obligation of the company. During the year, the Company has contributed **Rs.10.84 crore** (Rs.10.14 crore) to the trust.

## Gratuity

The Company has implemented IRCON Employees Group Gratuity Scheme to provide financial assistance to the employees of the Company as a social security measure on the termination of their employment due to superannuation, retirement, resignation, physical incapacitation or death. The scheme is managed by a separate Trust formed in the year 2015-16 for this purpose and approved by the Income Tax Authorities. Funds of the Trust are managed by LIC of India. As on 31.03.2017, an asset of **Rs. 0.88 crore** has been booked in the books of accounts based on actuarial valuation.

#### Pension

The Company has implemented IRCON Defined Contribution Superannuation Pension Scheme, 2009 w.e.f. 01.04.2009, for all regular employees drawing pay in IDA scale who would complete 15 years of service in the Company (including service in other CPSEs) upto normal retirement date. The scheme is managed by a separate Trust formed in the year 2015-16 for this purpose and approved by the Income Tax Authorities. Company's share of contribution amounting to **Rs. 6.13 crore** for the period from 01.04.2016to 28.02.2017has been paid and accounted for during the year 2016-17.Liability for the month of March 2017of **Rs. 0.51 crore** (Rs.0.50 crore)has been provided in the books of accounts.

#### **Post-Retirement Medical Facility (PRMF)**

The Company had established an irrevocable trust by initial one-time contribution of Rs. 12 crore during the year 2000-01 for providing annuity, medical and other benefits to the spouse of employees who die in harness as also the medical benefits to the employees (and spouse) who superannuate from the Company. This being a voluntary welfare measure, the Company is not liable for providing such benefits to its employees. However, Company has also kept provision of **Rs. 8.32 crore** (Rs.4.20 crore) based on the decision of management.

#### Leave Encashment

The liability towards encashment of leave as per rules of the Company is recognised on the basis of actuarial valuation except for employees posted in foreign projects. Since, the foreign assignments are treated as dies - non, liability for those employees is provided in the books on accrual basis as the amount is payable to employee on repatriation.

## **Other Retirement Benefits**

Other retirement benefits include settlement at home-town or to the place where he or his family intends to settle in India including Baggage Allowance. The liability on this account is recognized on the basis of actuarial valuation.

## **INDEPENDENT AUDITOR'S REPORT**

## TO THE MEMBERS OF IRCON INTERNATIONAL LIMITED

#### **Report on the Consolidated Ind AS Financial Statements**

We have audited the accompanying consolidated Ind AS financial statements of **IRCON INTERNATIONAL LIMITED** ("the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), and its jointly controlled entities, which comprising of the Consolidated Balance Sheet as at March 31, 2017, the Consolidated Statement of Profit and Loss(Including other comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the consolidated Ind AS financial statements').

## Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its jointly controlled entities in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with relevant rules issued thereunder. The respective Board of Directors of the companies included in the Group and of its jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting

records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Holding Company's Board of directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and audit evidence obtained by the other auditors in terms of

their reports referred to in the 'Other Matter's paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

## Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the consolidated state of affairs (financial position) of the Group and its jointly controlled entities as at 31st March, 2017, and their consolidated profit (financial performance including other comprehensive income), their consolidated cash flows and the consolidated changes in equity for the year ended on that date.

## **Emphasis of Matters**

- i) We draw attention to Note No. 34 to the consolidated Ind AS financial statements
- a. The Company has made provision for tax without considering the deduction under Section 80-IA of Income Tax Act, 1961. However, the ITAT has disposed pending appeal for FY 2000-01 allowing deduction u/s 80IA and subsequently CIT(A) has allowed deduction for AY 2012-13 and 2013-14. The matters for other assessment years are contested by the company with the concerned authorities.
- b. The company is offering global income for tax in India after excluding the income earned by its permanent establishments in foreign countries having Double Taxation Avoidance Agreements (DTAA) with India. CIT (A) denied the treatment of excluding such foreign income. Accordingly, the company has subsequently paid taxes, however the matter is contested by the company with the concerned authorities.
- We draw attention to Note No. 52 to the consolidated Ind AS financial statements regarding non provision of Rs. 3.80 crores towards foreign agency commission/ consultancy charges in respect of projects in three foreign countries pending assessment of the performance.

Our report is not qualified in respect of the above matters.

## "Annexure A" to the Independent Auditor's Report of even date on the Consolidated Ind AS Financial Statements of IRCON INTERNATIONAL LIMITED

## Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of IRCON INTERNATIONAL LIMITED (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its Jointly controlled entities as of March 31, 2017 in conjunction with our audit of the consolidated Ind AS financial statements of the Group and its jointly controlled entities for the year ended on that date. We did not audit the internal financial controls over financial reporting of its four-subsidiary companies and ten jointly controlled entities, as of that date. The Financial information of one jointly controlled entity is unaudited and certified by the management, we are unable to comment on the adequacy and operating effectiveness of Internal Financial Controls Over Financial Reporting under section 143(3)(i) of the Act in respect of that jointly controlled entity.

## Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company's and its subsidiary company and jointly controlled company which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company and its subsidiary company and jointly controlled company which are companies incorporating in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

## Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their report, is sufficient and appropriate to provide a basis for our qualified and unqualified audit opinion respectively on the Company's internal financial controls system over financial reporting.

## Meaning of Internal Financial Controls Over Financial Reporting

A Holding company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial

reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Holding company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Holding company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Holding company's assets that could have a material effect on the consolidated Ind AS financial statements.

## Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## **Qualified Opinion**

According to the information and explanations given to us and based on our audit and other auditor's audit report, the following material weaknesses have been identified as at March 31, 2017.

- (a) The Company has an integrated ERP system which was not used at its full potential. During the financial year, different software packages like Tally and Fox Pro were used by the company through software links or manual intervention for the preparation of financial statements. This has resulted into weak internal control over financial reporting.
- (b) The internal audit system needs to be strengthen

since timelines of the internal audit programme were not followed during the financial year and delayed reporting in internal audit of the Indian region/ foreign branches were noticed. Also, the mechanism to review of internal audit report is not robust.

(c) The Inventory records at some units is maintained manually and the inventory manual in SAP is under consideration. Further, in northern region, continuous identification system of surplus/obsolete/broken assets and material/stores is inadequate.

A material weakness' is a deficiency, or a combination of deficiencies in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the effects/possible effect of material weaknesses described above on the achievement of the objective of the control criteria and subject to the other matter paragraph given below, the Holding Company and its subsidiary companies and jointly controlled entities, which are incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India as it appears from our examination of the books and records of the Holding company and the reports of the other auditors in respect of entities audited by them and representation received from the management for entities un-audited.

## **Emphasis of Matter**

**1.** Attention is invited to note no. 53 to the financial statements regarding supervision charges on unreturned steel at reduced rate and waiver/release of liquidation damages, escalation claims & other charges in respect of one of the contract of Patna region.

 Few cases of reduction of bills by the client and accepted by the project without noting therein full reasons/justifications have been observed In Northern region.

#### **Other Matters**

Our aforesaid report Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting, insofar as it relates to four audited subsidiary companies and ten jointly controlled entities, is based on the corresponding reports of the other auditors and insofar it relates to one jointly controlled entities is based on the representation received from management (also refer paragraph on Other Matters of the Independent Auditors' Report above), our opinion is not qualified in respect of this matter.

## **SIGNIFICANT ACCOUNTING POLICY**

## 1. Group Information

The Consolidated financial statements comprise financial statement of Ircon International Limited (the Holding Company) and its subsidiaries & Joint Ventures (collectively referred to as "the Group") for the year ended 31 March 2017. The Holding Company is a public sector construction Company domiciled in India and is incorporated under the provision of companies Act, with specialization in execution of Railway projects on turnkey basis and otherwise. The Holding Company is an ISO certified Company for Quality, Environment and Occupational Health and Safety Management systems; a Schedule 'A' public sector Company and a Mini Ratna-Category I. After commencing business as a Railway construction company it diversified progressively along with its subsidiaries and Joint Ventures ("the Group") to roads, buildings, electrical substation and distribution, airport construction, commercial complexes, as well as metro rail works. The Group caters to both domestic and international markets. The registered office of the Holding Company is located at Plot no. C - 4, District Centre, Saket, New Delhi -110017 India.

The financial statements were authorized for issue in accordance with a resolution of the Board of directors on dated 21.09.2017.

2. Significant Accounting Policy under Ind AS (Consolidated)

## (i). Basis of Preparation

## a) Statement of Compliance

These consolidated financial statements as at and for year ended March 31, 2017 have been prepared in accordance with Indian Accounting Standards (Ind-AS) notified under section 133 of the companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian accounting standards) Amendment Rules **2016.** 

For all periods up to and including the year ended 31 March 2016, the group prepared its financial

statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP). These financial statements for the year ended 31 March 2017 are group's first IND AS financial statements.

Refer to separate note no.29 for information on how the group has adopted Ind AS.

## b) Basis of Measurement

These consolidated financial statements have been prepared under the historical cost convention and on an accrual basis, except for the following item that have been measured at fair value as required by relevant Ind-AS.

- i. Defined benefit Plan and other long term employee benefits
- **ii.** Certain financial assets and liabilities measured at fair value.
- **iii.** Provisions as per para 11 (D) below, where time value of money is material.

## **C)** Use of estimates and judgment

The preparation of consolidated financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, disclosure of contingent assets and liabilities at the date of financial statements and the reported amount of revenue and expenses. Actual results may differ from these estimates.

## Key accounting estimates:

**Recognition of deferred tax assets** – The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized.

**Provisions** – At each balance sheet date on the basis of the management judgment, changes in facts and

legal aspects, the group assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

**Revenue –** The Holding Company recognises revenue using the percentage of completion method. This requires forecasts to be made of total budgeted cost with the outcomes of underlying construction and service contracts, which require assessments and judgements to be made on changes in work scopes, claims (compensation, rebates etc.) and other payments to the extent they are probable and they are capable of being reliably measured. For the purpose of making estimates for claims, the Group used the available contractual and historical information.

**Property, Plant and Equipment** – Property, Plant and Equipment represent a significant proportion of the asset base of the group. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of assets.

Estimates and underlying assumptions are reviewed on a periodic basis. Future results could differ due to changes in these estimates and difference between the actual result and the estimates are recognized in the period in which the results are known /materialize.

d) The consolidated financial statements are reported in Indian rupees and all values are rounded to the nearest crore rupees with two decimal points except where otherwise stated.

## (ii). Basis of Consolidation

## i) Subsidiaries

Subsidiaries are all entities (including structured entities) over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The consolidated financial statements of Ircon International Limited and its subsidiaries have been consolidated on a line- by-line basis by adding together the book value of the like items of assets, liabilities, income and expenses, after eliminating intra-group balances and unrealized profits/losses on intra-group transactions, Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognised in profit or loss.

## ii) Joint Arrangement

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement. Ircon International Limited has both joint operations and joint ventures.

#### (a) Joint operations

Group recognises its direct right to the assets, liabilities, revenues and expenses of joint operations and its share of any jointly held or incurred assets, liabilities, revenues and expenses. These have been incorporated in the standalone financial statements under the appropriate headings.

## (b) Joint ventures

Interests in joint ventures are accounted for using

the equity method (see 2(iii)), after initially being recognised at cost in the consolidated balance sheet.

## iii) Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equityaccounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealized gains on transactions between the group and its joint ventures are eliminated to the extent of the group's interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

The carrying amount of equity accounted investments is tested for impairment in accordance with the policy of impairment.

## (iii). Statement of Cash flow

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the group are segregated based on the available information.

## (iv). Foreign Currency Transactions

Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the group operates. (i.e Functional Currency). The financial statements are presented in Indian rupees, which is the presentation as well as Functional currency of the group.

## (a) <u>Transactions of Indian operations</u>:

- i. All foreign currency transactions are translated into functional Currency at the rate prevalent on the date of transaction.
- **ii.** Property, Plant and Equipment, intangibles, investment property, prepaid expenses, inventory and non-monetary items are translated at the rate on the date of initial transaction.
- iii. Monetary items (Trade receivables, trade payables, Cash and Bank, Loans and Borrowings and other receivables & payables) and contingent assets & liabilities denominated in foreign currency are translated at the prevailing closing selling rates for Liabilities and closing buying rate for Assets, at each reporting date.
- iv. Foreign Exchange Gains or Losses in respect of above transactions are recognized in Statement of profit and loss.

## (b) Transactions of Foreign operations:

- i. All foreign currency transactions are translated into functional Currency at the rate prevalent on the date of transaction.
- ii. Property, Plant and Equipment, intangibles, investment property, prepaid expenses, inventory and non-monetary items are translated at the rate on the date of initial transaction.
- iii. Monetary items (Trade receivables, trade payables, Cash and Bank, Loans and Borrowings and other receivables & payables) and contingent assets & liabilities denominated in foreign currency are translated at the prevailing closing selling rates for Liabilities and closing buying rate for Assets, at each reporting date.
- iv. Foreign Exchange Gain or Losses in respect of above transactions are recognized in profit and loss account.

The result and financial position of foreign operation that have a functional currency different from the presentation currency are translated in to presentation currency as follows.

- i. Assets/Liabilities Closing selling rates for Liabilities and closing buying rate for Assets on the reporting date.
- ii. Income/Expenses Average exchange rate during the year.
- iii. Exchange differences on translation of functional currency to presentation currency are – recognised in OCI (Other comprehensive income)
- iv. On disposal of Foreign Operation (on realization of complete receivables from client) transfer the component of OCI (Other comprehensive income) to profit or loss relating to respective foreign operation.

## (v). Property, Plant and Equipment

- Freehold land is carried at historical cost. Property, Plant and Equipment are measured at cost less accumulated depreciation and impairment losses, if any.
- The machinery spares which can be used only in connection with an item of Property, Plant and Equipment and whose use is expected to be irregular are capitalized & depreciated/amortized over the balance life of such Property, Plant and Equipment.
- 3. Subsequent cost relating to property, plant & equipment shall be recognized as an asset if:
- a) it is probable that future economic benefits associated with the items will flow to the entity; and
- b) the cost of the item can be measured reliably.
- 4. Cost of asset includes the following
- i. Cost directly attributable to the acquisition of the assets
- Incidental expenditure during the construction period is capitalized as part of the indirect construction cost to the extent the expenditure is directly related to construction or is incidental thereto.
- iii. Present value of the estimated costs of dismantling &

removing the items & restoring the site on which it is located if recognition criteria are met.

- 5. Cost of replacement, major inspection, repair of significant parts and borrowing costs for long-term construction projects are capitalized if the recognition criteria are met.
- 6. An item of Property, Plant and Equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement.
- 7. Amounts paid towards the acquisition of Property, Plant and Equipment outstanding as of each reporting date and the cost of Property, Plant and Equipment not ready for intended use before such date are disclosed under capital work- in-progress. Expenses directly attributable to project, prior to commencement of commercial operation, are considered as project development expenditure and shown under Capital Work-in-Progress.

## **Transition to Ind AS**

On transition to Ind AS. The group has opted to continue with the carrying value of all its Property, Plant and Equipment recognised as at 1<sup>st</sup> April 2015 measured as per the previous GAAP and use that carrying value as deemed cost of the Property, Plant and Equipment.

## Depreciation

- (a) Depreciation on Property, Plant and Equipment is provided on Straight Line basis (SLM) over the useful life of the assets as specified in Schedule II of the Companies Act, 2013.
- (b) Each part of an item of Property, Plant and Equipment is depreciated separately if the cost of part is significant in relation to the total cost of the item and useful life of that part is different from the useful life of remaining asset.
- (c) The estimated useful life of assets for current period of significant items of property plant and equipment

are as follows:

Particulars	Useful Life (yrs.)
Building/flats residential/non- residential	60
Plant and Machinery	8-15
Survey instruments	10
Computers	3-6
Office Equipment's	5
Furniture and fixtures	10
Caravanas, Camps and temporary shed	3-5
Vehicles	8-10

- (d) Leasehold land and improvements are amortized over the lower of estimated useful life and lease term.
- (e) Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted prospectively, if appropriate.
- (f) Property plant and equipment acquired during the year, individually costing up to Rs. 5000/- are fully depreciated, by keeping Re. 1 as token value for identification. However, Mobile phones provided to employees are charged to revenue irrespective of its value.
- (vi) Intangible Assets/Intangible assets under development

## I. Other than service concession arrangement

- (a) Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at historical cost less accumulated amortization and impairment loss, if any.
- (b) Intangible assets under development represent ongoing expenditure incurred and carried at cost.

# **Amortization of Intangible Assets**

(a) Intangible assets are amortized over their respective estimated useful lives on a straight- line basis from the date that they are available for use. The estimated useful life of intangibles is as follows:

Intangible <b>Assets</b>		Internally generated or self- <b>generated</b>
Software	Finite (36 months)	Acquired

- (b) Amortization methods, useful lives and residual values are reviewed at each reporting date.
- (c) Software cost up to Rs. 1 Lakhs in each case is fully amortized in the year of purchase, by keeping Rs. 1 as token value for identification.

# II. Toll Collection Right (Toll Road Service Concession Arrangement)

The subsidiary companies recognize an intangible asset arising from service concession arrangement when it has a right to charge for usage of the concession infrastructure. An intangible asset received as consideration for providing construction or upgrade service in a service concession agreement is measured at fair value on initial recognition by reference to the fair value of the services provided. Subsequent to initial recognition, the intangible asset is measured at cost, less accumulated amortization and accumulated impairment losses.

The estimated useful life of an intangible asset in a service concession arrangement is the period from where the subsidiary is able to charge the public for use of infrastructure to the end of the concession period.

Toll collection right is amortized using straight line method on pro-rata basis from the date of addition or from the date when the right brought in to service to the expiry of concession period.

Amortization methods and useful lives are reviewed at each reporting date, with the effect of change in estimate accounted for on a prospective basis.

The carrying value of intangible asset is reviewed for impairment annually or more often if events or changes in circumstances indicate that the carrying value may not be recoverable.

## Financial asset model

The Subsidiary Companies recognizes a financial

asset arising from a service concession arrangement when it has unconditional contractual right to receive cash or another financial asset from grantor for the construction or upgrade service provided. Such financial assets are measured at fair value on initial recognition and classified as loans and receivables.

Subsequent to initial recognition, the financial assets are measured at amortized cost. Under this model financial asset will be reduced as and when grant has received from grantor.

## III. Station development rights

Intangible assets under development represents ongoing expenditure incurred in respect of the Consultancy Project and is carried at cost. Cost includes all direct expenditure incurred including Staff Expenditure for that particular project for which the Staff is posted and indirect expenditure in the nature of depreciation of fixed assets, insurance premium & rent etc. will be split between Project Expenses and Corporate Office Expenses in ratio of 75% and 25% respectively. The 75% Project Expenses are equally distributed among the number of Stations.

Intangibles are amortised on a systematic basis over the revenue pattern it will generate. The evaluation of recoverability of intangible assets is done periodically by taking into account events or circumstances that may warrant revised estimates of useful lives or that indicate the asset may be impaired.

## **Transition to Ind AS**

On transition to Ind AS the group has opted to continue with the carrying value of all of its Intangible assets recognized as at 1<sup>st</sup> April 2015 measured as per the previous GAAP and use that carrying value as deemed cost of intangible assets.

## (vii). Investment properties

- a) Investment property comprises completed property, property under construction and property held under a finance lease that is held to earn rentals or for capital appreciation or both, rather than for sale in the ordinary course of business or for use in production or administrative functions.
- b) Investment Properties are stated at cost, net

of accumulated depreciation and accumulated impairment losses, if any.

- c) The group depreciates building component of investment property over 60 years from the date of original purchase/completion of construction.
- d) Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. Difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of de-recognition.

# (viii). Inventories

# (a) Construction Work in Progress

Construction work-in-progress is valued at cost till such time the outcome of the job cannot be ascertained reliably and at realizable value thereafter. Site mobilization expenditure to the extent not written off valued at cost.

# (b) Others

- (i) In Cost Plus contracts, the cost of all materials, spares and stores not reimbursable as per the terms of the contract is shown as inventory valued as per (III) below.
- (ii) In Item Rate and Lump Sum Turnkey contracts, the cost of all materials, spares (other than capitalized) and stores are charged to Statement of Profit and Loss in the year of use.
- (iii) Inventories are valued at lower of the cost arrived at on First in First out (FIFO) basis and net realizable value.
- (iv) Loose tools are expensed in the year of purchase.

# (ix) Cash and Cash Equivalents

Cash and cash equivalent in the Balance sheet comprise of cash at bank, cash in hand, other short term deposits with banks with an original maturity of three months or less and highly liquid investments, that are readily convertible to known amount of cash and which are subject to insignificant risk of changes in value and Bank overdraft.

For the purpose of statement of cash flow, cash and cash equivalents consist of cash and short term bank deposits etc., as defined above, net of outstanding bank overdrafts since they are considered integral part of the group's cash management."

# (x) Government Grant

Grant from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the subsidiary companies will comply with all attached conditions. Government grant relating to income are deferred and recognized in the profit or loss over the period necessary to match them with the costs that there intended to compensate and presented within contract revenue.

# (xi) Provisions

# **A- Provision for Maintenance**

- a) In Cost Plus contract, no provision for maintenance is required to be made where cost is reimbursable.
- b) Item Rate and Lump Sum turnkey contracts, provision is made for maintenance to cover group's liability during defect liability period keeping into consideration the contractual obligations, the obligations of the subcontractors, operating turnover and other relevant factors.
- c) Provision for unforeseen expenditure during design guarantee period is made based on risk perception of management in each contract assessed at the end of each financial year. This shall, however, be subject to a minimum of Rs. 50 lakhs and maximum of the amount of Design guarantee specified in Contract Agreement with the Client.

## **B-** Provision for Demobilization

Provision for demobilization to meet the expenditure towards demobilisation of Manpower and Plant & Equipment is made in foreign projects.

# **C- Others**

Provision is recognized when:

 The group has a present obligation as a result of a past event,

- i) A probable outflow of resources is expected to settle the obligation and
- **iii)** A reliable estimate of the amount of the obligation can be made.

Reimbursement of the expenditure required to settle a provision is recognised as per contract provisions or when it is virtually certain that reimbursement will be received. Provisions are reviewed at each Balance Sheet date.

# **D-** Discounting of Provisions

Provision recognised as per above point a, b and c which expected to be settled beyond 12 months are measured at the present value by using pretax discount rate that reflects the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expenses.

# (xii) Revenue Recognition

# (a) Contract Revenue Recognition

Contract revenue is measured at the fair value of the consideration received or receivable recognized to the extent it is probable that the economic benefits will flow to the group and the revenue can be reliably measured. Depending on the nature of contract, revenue is recognized as under-

- (i) In cost plus contracts, revenue is worked out by including eligible items of expenditure in the bills raised on the clients and charging specified margin thereon.
- (ii) In fixed price contracts, revenue is recognized using the percentage of completion method. The percentage of completion is determined as a proportion of cost incurred of work certified up to the reporting date to the total estimated cost of the contract. Full provision is made for any loss in the period in which it is foreseen.
- (iii) Claims/Arbitration Awards (including interest thereon) which are granted in favour of the group, being in the nature of additional compensation under the terms of the contract are accounted as contract revenue when they are granted and where it is certain to realize the collection of such claims/awards.

- (iv) Revenue does not include Sales Tax/VAT/WCT/Service Tax etc.
- (b) Construction contract revenue under service concession arrangement

Revenue related to construction or upgrade services under a service concession arrangement of subsidiary companies is recognized based on the stage of completion of the work performed, when the outcome of construction contract can be measured reliably, and where the outcome of construction contract cannot be measured reliably revenue is recognized only to the extent of contract cost incurred that is probable will be recoverable.

## (c) Toll Fee

Toll Fee collection from the users of facility is accounted for as and when the amount is due and recovery is certain.

#### d) Other Revenue Recognition

- (i) Dividend income is recognized when the right to receive payment is established.
- (ii) Interest income is recognized taking into account the amount outstanding and the interest rate applicable using Effective Interest rate Method.

### (xiii) Leases

a) Group as a lessee

Finance Lease:

- (i) that transfers substantially all the risks and rewards incidental to ownership of an asset
- (ii) are capitalised at lease inception at lower of fair value or present value of minimum lease payment
- (iii) payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability.
- (iv) Finance charges are recognised in finance costs in the statement of profit and loss.
- (v) Depreciated over the useful life of the asset. However, if there is no reasonable certainty to obtain ownership

by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating Lease:

- (i) is classified as operating lease when significant portion of the risk and rewards are not transferred to the group.
- (ii) payment are charged to profit and loss on straightline basis over the lease term except where lease payment are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increase.

## b) Group as a lessor

Finance Lease:

- (i) is recognised when substantially all of the risks and rewards of ownership transfer from the group to the lessee.
- (ii) Payment due are recorded as receivables at the group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

#### **Operating Lease:**

- (i) are the leases in which the group does not transfer substantially all the risks and rewards of ownership to the lessee.
- (ii) incomes are recognized as income in the statement of profit & loss on straight-line basis over the lease term except where lease payment are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increase.

#### (xiv) Liquidated Damages and Escalations

(i) Liquidated damages/penalties (LD) due to delays arising out of the contractual obligations and provisionally withheld from contractors/under dispute are adjusted against contract cost only on final decision in this regard. However, LD recovered/ withheld by client is accounted for on recovery/ withholding & adjusted against contract revenue.

ÍÆM

Possible Liquidated Damages in cases where extension is granted by the client subject to their right for levy of penalty is shown as contingent liability.

 (ii) Escalation receivable/payable is accounted for as per the provisions of the contract. Escalation receivable but not certified before close of project accounts is included in work- in- progress.

# (XV). Research and development Expenses

- 1. Research costs are expensed as incurred.
- 2. Development expenditures on an individual project are recognised as an intangible asset when the Group can demonstrate:
- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
- Its intention to complete and its ability and intention to use or sell the asset
- How the asset will generate future economic benefits
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

During the period of development, the asset is tested for impairment annually.

## (xvi) Mobilization Expenses

The initial contract expenses on new projects for mobilisation will be recognised as construction work in progress in the year of incidence, and pro rata charged off to the project over the years at the same percentage as the stage of completion of the contract as at the end of financial year.

## (xvii) Impairment of non-financial assets

An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value and impairment loss is charged to the Statement of Profit & Loss in the year in which an asset is identified as impaired. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. At each reporting date group assesses the estimate amount of impairment loss. The impairment loss recognized in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount and such losses either no longer exists or has decreased. Reversal of impaired loss is recognized in the Statement of Profit & Loss. . For the purpose of assessing impairment, assets that cannot be tested individually are grouped in to the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash infows from other assets or group of assets (the cash-generating units).

# (xviii) Borrowing Cost

Borrowing cost in ordinary course of business are recognized as expense of the period in which they are incurred. Borrowing cost that is directly attributable to acquisition, construction or production of a qualifying asset is capitalized as part of the cost of such assets upto the commencement of commercial operations.

## (xix) Employee Benefits

## a) Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid for the services rendered are recognized as an expense during the period when the employees render the services.

# b) Post-employment benefits & other Long Term Employee Benefits

- (i) Retirement benefits in the form of provident fund and pension fund are defined contribution schemes. The contributions to the provident fund trust and pension trust are charged to the statement to the Profit and loss for the year when the contributions are due.
- (ii) The Group has Defined benefit plans like Gratuity, LTC and other retirement benefits.

- (iii) The Group has created a Trust for Gratuity. The cost of providing benefit is determined on the basis of actuarial valuation using the projected unit credit method at each year-end and is charged to the Statement of Profit & Loss.
- (iv) Provision for Defined benefit plans is made based on actuarial valuation at the year end and Actuarial gains or losses are recognized through Other Comprehensive income.
- (v) Post-retirement Medical benefits are made based on Actuarial valuation or amount available for contribution, whichever is less.
- (vi) Other long term employee benefit includes leave encashment. Actuarial gains or losses on other long term employee benefits are recognized through statement of profit & loss.
- (vii) Re-measurements of the net defined benefit liability (asset) recognized in other comprehensive income shall not be reclassified to profit or loss in a subsequent period.

## (xx). Taxes

# a. Current income tax

- (i) Taxes including current income-tax are computed using the applicable tax rates and tax laws.
- (ii) The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the group operates and generates taxable income.
- (iii) Current income tax assets and liabilities for current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities.
   Liability for additional taxes, if any, is provided / paid as and when assessments are completed.
- (iv) Current tax related to OCI Items is recognized in Other Comprehensive Income (OCI).

## b. Deferred tax

- i. Deferred income tax is recognized using balance sheet approach.
- ii. Deferred income tax assets and liabilities are

recognized for temporary differences which is computed using the tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

- iii. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.
- iv. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.
- v. Deferred tax related to OCI Item are recognized in Other Comprehensive Income (OCI).
- vi. Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investment in subsidiaries and interest in joint arrangements where the group able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.
- vii. Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investment in subsidiaries and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary differences can be utilized.

## (xxi) Operating Segment

Operating segments are reported in the manner consistent with the internal reporting provided to the chief operating decision maker. Accordingly, the group has identified two reporting segments viz. Domestic & International.

## (xxii) Earning per share

In determining basic earnings per share, the group considers the net profit attributable to equity shareholders. The number of shares used in computing basic earnings per share is the wei-ghted average number of shares outstanding during the

period. In determining diluted earnings per share, the net profit attributable to equity shareholders and weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

# (xxiii) Contingent Liabilities and contingent Assets

- (a) Contingent Liabilities are disclosed in either of the following cases:
- A present obligation arising from a past event, when it is not probable that an outflow of resources will be required to settle the obligation; or
- ii) A reliable estimate of the present obligation cannot be made; or
- iii) A possible obligation, unless the probability of outflow of resource is remote.
- (b) Contingent assets is disclosed where an inflow of economic benefits is probable.
- (c) Contingent Liability and Provisions needed against Contingent Liability and Contingent Assets are reviewed at each Reporting date.
- (d) Contingent Liability is net of estimated provisions considering possible outflow on settlement.

## (xxiv) Fair Value Measurement

Group measures financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 —Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 —Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that **are** recognized in the financial statements on **a** recurring basis, the group determines whether transfers have occurred between levels in the hierarchy by **re**-assessing categorization (based on the lowest level input that **is** significant to the fair value measurement **as a** whole) at the end of each reporting period.

At the reporting date, the group analyses the movements in the values of assets and liabilities which **are** required to be **re**-measured or **re-assessed as** per the accounting policies. For this analysis, the group verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

**The** group also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change **is** reasonable.

For the purpose of fair value disclosures, the group **has** determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy **as** explained above.

## (xxv) Dividend to equity holders

Dividend paid/payable shall be recognized in the year in which the related dividends are approved by shareholders or board of directors as appropriates.

## (xxvi) Financial instruments

# A. Initial recognition and measurement

Financial Instruments recognized at its fair value plus or minus transaction costs that are directly attributable to the acquisition or issue of the financial instruments.

## B. Subsequent measurement

# **B.1 Financial Assets**

Financial assets are classified in following categories:

# a) Debt instruments at Amortised Cost

Debt instrument shall be measured at amortised cost if both of the following conditions are met:

- (a) the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows and
- (b) the contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Such financial assets are measured at amortised cost using effective interest rate method less impairment, if any. The EIR amortisation is included in finance income in the statement of profit and loss.

Following financial assets are measured at amortised cost:-

- (i) Trade receivable
- (ii) Security deposit
- (iii) Retention money
- (iv) Money held with client
- (v) Cash and cash equivalent
- (vi) Loan and advances
- (vii) Investment in Tax free bonds
- b) Debt instruments at Fair value through Other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the **Fair value through other comprehensive income** if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent solely payment of principal and interest (SPPI).

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the group recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned is recognised using the EIR method.

# c) Debt instruments at fair value through Profit & Loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instruments, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the group may elect to designate a debt instruments, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. If doing so reduces or eliminates a measurement or recognition inconsistency. The group has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of P&L.

# **B. 2** Financial liabilities

# a) Financial liabilities at Amortised Cost

Financial liabilities at amortised cost represented by trade and other payables, security deposits and retention money are initially recognized at fair value, and subsequently carried at amortized cost using the effective interest rate method.

# b) Financial liabilities at FVTPL

at FVTPL.

# **C**. De-recognition

# **Financial Asset**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized only when the contractual rights to the cash flows from the asset expires or it transfers the financial assets and substantially all risks and rewards of the ownership of the asset.

# **Financial Liability**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the statement of Profit & Loss.

## **D.** Impairment of financial assets:

Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss. The group follows 'simplified approach' for recognition of impairment loss allowance on trade receivable. The application of simplified approach does not require the group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition

Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applies on whether there has been significant increase in credit risk.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the statement of profit and loss.

# The group has not designated any financial liabilities (xxvii) Non-current Assets (or disposal groups) held for Sale

Non-current assets (or disposal groups) are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. The sale is considered highly probable only when the asset or disposal group is available for immediate sale in its present condition, it is unlikely that the sale will be withdrawn and sale is expected within one year from the date of the classification. Disposal groups classified as held for sale are stated at the lower of carrying amount and fair value less costs to sell. Property, Plant and Equipment and intangible assets are not depreciated or amortized once classified as held for sale. Assets classified as held for sale/distribution are presented separately in the balance sheet.

If the criteria stated by IND AS 105 "Non-current Assets Held for Sale" are no longer met, the disposal group ceases to be classified as held for sale. Noncurrent asset that ceases to be classified as held for sale are measured at the lower of (i) its carrying amount before the asset was classified as held for sale, adjusted for depreciation that would have been recognized had that asset not been classified as held for sale, and (ii) its recoverable amount at the date when the disposal group ceases to be classified as held for sale.

# (xxviii) Financial guarantees

Financial guarantee contracts issued by the company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

Valuation technique used by valuer	Cost & Income	Cost	Cost (Land &	
to be disclosed			Building)	

## Description of valuation techniques used by valuer:

## Cost Approach:

Under this approach, market value of the land has been estimated using Direct Comparison Approach (Market Approach). The building value has been estimated used Depreciated Replacement Cost (as if new).Within the Cost Approach, the land value is being estimated on the assumption that it is vacant and free of all encumbrances. It is added to the cost of the improvements derived by using the depreciated Replacement Cost method. Replacement cost implies "The current cost of replacement of an asset with a similar utility as if new." Building costs would include the cost of the building components and other improvements. Appropriate depreciation is being applied to the same to estimate the value.

# Income Approach (DCF):

DCF analysis is the process of valuing an investment property or asset by undertaking an estimation of future cash flows and taking into account the time value of money. Under this technique, the income is projected over the investment cycle and the net income is calculated after the deduction of capital, operating, and other necessary expenses.

- i) The carrying amounts of current trade receivables, trade payables, security deposits and retention money, cash and cash equivalents, bank balances and other financial assets and liabilities are considered to be the same at their fair values, due to their short term nature.
- ii) The fair value of long term security deposits, retention money and long term trade payables were calculated based on cash flows discounted using current market rate. They are classified as level 3 fair values hierarchy due to inclusion of unobservable inputs.
- iii) Loans and Advances given to related parties are at market rate, therefore the carrying amount of such loans and advances are equal to their fair value.
- iv) Staff loans and advances continue to be carrying at previous GAAP values as measurement impact is immaterial.

#### Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents the fair value measurement hierarchy of financial assets and liabilities measured at fair value on recurring basis and at amortised cost

#### iii Financial risk management

The Company's principal financial liabilities comprise trade and other payables. The Company's principal financial assets include loans to related parties, trade and other receivables, and cash and short-term deposits that derive directly from its operations. The Company also holds investment in mutual funds and tax free bonds. The Company's activities expose it to some of the financial risks: market risk, credit risk and liquidity risk.

# a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of changes in market prices. Market risk comprises Foreign Currency Risk and Interest rate risk. Financial instruments affected by market risk includes trade receivables, trade payable and other non derivative financial instruments.

# (i) Foreign Currency Risk

The company operated internationally and is exposed to insignificant foreign currency risk (since receipts & payments in foreign currency are generally matched) arising form foreign currency transactions, primarily with respect to the US \$, EURO, YEN, BDT, DZD, LKR, MZN, BTN, ZAR, NPR and MYR. Significant foreign currency risk of company are naturally hedged. (Refer Note No. 36)

# ii) Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of change in market interest rate. The company manages its interest risk in accordance with the companies policies and risk objective. Financial instruments affected by interest rate risk includes tax free bonds and deposits with banks. Interest rate risk on these financial instruments are very low as interest rate is fixed for the period of financial instruments.

#### b) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investment. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

#### Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment.

#### d) Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

In order to avoid excessive concentrations of risk, the Company's policies and procedures include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

#### iv Capital Management

The company objective to manage its capital in a manner to ensure and safeguard their ability to continue as a going concern so that company can continue to provide maximum returns to share holders and benefit to other stake holders. Currently company does not have any borrowings.

Further, company manages its capital structure to make adjustments in light of changes in economic conditions and the requirements of the financial covenants. No changes were made in the objectives, policies or processes of managing capital during the year ended 31st March 2017.

#### 29. First-time adoption of Ind-AS

These standalone financial statements of Ircon International Limited for the year ended March 31, 2017 have been prepared in accordance with Ind AS. For the purposes of transition to IndAS, the Company has followed the guidance prescribed in Ind AS 101-First Time adoption of Indian Accounting Standard, with April 1, 2015 as the transition date and IGAAP as the previous GAAP.

The transition to Ind AS has resulted in changes in the presentation of the financial statements, disclosures in the notes thereto and accounting policies and principles. The accounting policies set out in Note 1 have been applied in preparing the standalone financial statements for the year ended March 31, 2017 and the comparative information.

#### Exceptions / Exemptions availed on first time adoption of Ind AS 101

1. Estimates :

Present estimates should be consistent with estimates made under the previous GAAP unless:

- i) There was an error, or
- ii) The estimate and related information under previous GAAP is no longer relevant because the entity elects a different accounting policy on the adoption of Ind AS.

In our case present estimates are consistent with estimates made under the previous GAAP

2. De-recognition of financial assets and financial liabilities :

The company has elected to apply the de-recognition requirements for financial assets & financial liabilities in Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS.

3. Classification and measurement of financial assets :

The company has classified and measured the financial assets in accordance with the Ind AS 109, on the basis of facts & circumstances that exist at the date of transition to IndAS.

4. Deemed Cost (Ind-AS 16 & Ind AS 38) :

Previous GAAP carrying value to be considered as 'deemed cost' as on transition date for Property, Plant and Equipment (after adjusting decommissioning liabilities, if any), intangibles Assets.

5. Investments in subsidiaries, Joint ventures and associates (Ind-AS 27- Separate Financial Statement) :

In Standalone financial statements, investments in subsidiaries, joint ventures and associates to be recorded at deemed cost which is previous GAAP carrying amount at that date.

6. Decommissioning liabilities included in the cost of Property, Plant and Equipment(Ind AS 16 -Property, Plant and Equipment) :

Company has adopted to measure decommissioning liability on the date of transition to Ind AS prospectively. The obligation shall be capitalized as a separate component of PPE, together with the accumulated depreciation from the date the obligation was incurred to the transition date. The amount to be capitalized as part of the cost of the asset shall be calculated by discounting the liability back to the date the obligation initially arose using the best estimate of the historical risk adjusted discount rates. The associated accumulated depreciation shall be calculated by applying the current estimate of the useful life of the asset, using the entity's depreciation policy for the asset.

7. Non-current assets held for sale(Ind-AS 105) :

Company has adopted to measure such assets at transition date at lower of carrying value and fair value and difference, if any, shall be transferred to retained earnings.

- 33. The Holding Company is liable to pay **Rs.0.70 Crores** for FY 2016-17 (Rs. 7.96 Crores for FY 2015-16) on account of taxes on construction profits of Sri Lanka projects which shall be directly reimbursed by Sri Lankan Railway to Sri Lankan Inland Revenue Department. Therefore, the same has not been provided in the books of accounts.
- **34.** (a) Since assessment year 2000-01, the Holding Company has been claiming deduction under Section-80 IA of the Income Tax Act, 1961 in income tax returns, w.r.t. eligible infrastructure construction projects till date.

The Holding Company has filed appeal to ITAT on disallowance by CIT(A) for the said deduction for all assessment years except assessment years 2004-05, 2005-06 and 2007-08 for which the Income Tax department has filed appeal against allowance of deduction by CIT(A).

Accordingly, the Company has made provision for tax without considering the deduction under Section 80-IA since AY 2000-01. Total amount of deduction under section 80IA is **Rs.1050.03 crores** (Rs.1016.32 crores) having tax impact of **Rs. 357.22 Crores** (Rs.347.08 Crores). Disposing appeal for A.Y. 2000-01, ITAT allowed deduction u/s 80IA. Following decision of ITAT, CIT (A) has allowed the deduction for A.Y. 2012-13 & 2013-14. Thus amount of deduction stands reduced to **Rs. 815.98 crores** having tax impact of **Rs. 280.41 crores**.

b) The Holding company offering global income, for tax in India after excluding the income earned by its permanent establishments in foreign countries having Double Taxation Avoidance Agreements (DTAA) with India, as per settled legal position that such income can be taxed by source country and is not taxable in India. However, CIT (A) denied the treatment of excluding such foreign income and only gave credit for taxes paid out of India on foreign income for the AY 2006-07, 2008-09 and 2009-10.

Jurisdictional Assessing Officer has also started making the assessment in a similar manner from the AY 2010-11 onwards. Though, the Holding Company has paid tax accordingly however, it has filed an appeal to Income Tax Appellate Tribunal for all the assessment year under dispute.

Tax involved under DTAA income issue aggregates to **Rs.237.89 Crore** (Rs. 415.07).

- **35. (**a) The Holding Company had 25% equity stake in Comphanhia Dos Caminhos De Ferro Da Beira SARL Mozambique (CCFB), a Joint Venture Company incorporated as per Mozambican laws in the year 2004 to execute a railway project awarded by the Government of Mozambique (GOM) on BOT basis and had paid USD 1.25 Mn (Rs 5.53 crores.Other shareholders were RITES & CFM, Mozambique with 26% & 49% share respectively.
  - (b) On 8<sup>th</sup> December 2011, Government of Mozambique (GoM) unilaterally terminated the concession agreement and took over the project which in the opinion of company was unlawful and against the provision of agreement. Consequently, CCFB initiated arbitration against the said decision of GoM. Dispute has now been amicably settled with Government of Mozambique on 21<sup>st</sup> October 2015 through settlement agreement. As per the settlement agreement, holding company will get in installments an amount of USD 40.31 Million. First installment of USD 17.93 Mn. (equivalent to INR 121.71 Crore) for holding company's share has been received on 20.1.2016. During the year, second installment of USD 5.595 Mn (Rs.37.27 Crores) received on 20.10.2016. Balance three installments of USD 5.595 Mn each are due on 18.10.2017, 18.10.2018 & 18.10.2019 which will be received through the confirmed Letter of Credit opened by Government of Mozambique.
  - (c) After receipt of upfront payment and establishment of Letter of Credit, Company has transferred its shareholding in Comphanhia Dos Caminhos De Ferro Da Beira SARL Mozambique (CCFB) to CFM/Mozambique Ports and Railway Company, representing the Government of Republic of Mozambique on 22.09.2016. Accordingly, impairment loss of Rs.1.26 Crores (Rs. 0.002 Crores) has been provided for."

#### 44. Disclosure under Ind AS-19 on Employee benefits

#### **Provident Fund**

The Holding Company pays fixed contribution of Provident Fund at a pre-determined rate to a separate trust, which invests the funds in permitted securities. The trust is required to pay a minimum rate of interest on contribution to the members of the trust. The amount available in the fund including the returns on investment is greater than the obligation of the company. During the year, the Holding Company has contributed **Rs.10.84 crores (Rs. 10.14** crores) to the trust.

#### Gratuity

The Holding Company has implemented IRCON Employees Group Gratuity Scheme to provide financial assistance to the employees of the Holding Company as a social security measure on the termination of their employment due to superannuation, retirement, resignation, physical incapacitation or death. The scheme is managed by a separate Trust formed in the year 2015-16 for this purpose and approved by the Income Tax Authorities. Funds of the Trust are managed by LIC of India. As on 31.03.2017, an asset of **Rs. 0.88 crores** has been booked in the books of accounts based on actuarial valuation.

#### Pension

The Holding Company has implemented IRCON Defined Contribution Superannuation Pension Scheme, 2009 w.e.f. 01.04.2009, for all regular employees drawing pay in IDA scale who would complete 15 years of service in the Company (including service in other CPSEs) upto normal retirement date. The scheme is managed by a separate Trust formed in the year 2015-16 for this purpose and approved by the Income Tax Authorities. Holding Company's share of contribution amounting to Rs. 6.13 crore for the period from 01.04.2016 to 28.02.2017 has been paid and accounted for during the year 2016-17. Liability for the month of March 2017 of **Rs. 0.51 crores** (Rs.0.50 Crores) has been provided in the books of accounts.

#### **Post-Retirement Medical Facility (PRMF)**

The Holding Company had established an irrevocable trust by initial one-time contribution of Rs 12 crores during the year 2000-01 for providing annuity, medical and other benefits to the spouse of employees who die in harness as also the medical benefits to the employees (and spouse) who superannuate from the Company. This being a voluntary welfare measure, the Company is not liable for providing such benefits to its employees. However, Holding Company has also kept provision **of Rs. 8.32 crores** (Rs 4.20 crores) based on the decision of management.

#### **Leave Encashment**

## 50. Service Concession Arrangements (SCA)

Public to private service concession arrangements are recorded in accordance with Appendix "A"- Service Concession Arrangements (Ind AS-11). Appendix "A" is applicable if:

- a) The Grantor controls or regulates which services the operator should provide with the infrastructure, to whom it must provide them, and at what price; and
- b The grantor controls- through ownership, beneficial entitlement, or otherwise- any significant residual interest in the infrastructure at the end of the term of the arrangement.

If both of the above conditions are met simultaneously, an intangible asset is recognized to the extent that the operator receives the right to charge users of the public service, provided that these charges are conditional on the degree to which the service is used.

These intangible assets are initially recognized at cost, which is understood as the fair value of the service provided plus other direct costs directly attributable to the operation. They are then amortized over the term

of the concession.

Group has entered into service concession arrangement with National Highway Authority of India (NHAI) for four laning of Shivpuri Guna Section and for four laning of Phalodi Bikaner Section in terms of which NHAI (the grantor) has authorized the group to develop, finance, design, engineer, procure, construct, operate and maintain the Projects and to exercise and/or enjoy the rights, powers, benefits, privileges authorizations and entitlements upon its completion. In terms of the said agreement group has an obligation to complete construction of the projects of four laning of Shivpuri Guna section and four laning of Phalodi Bikaner Section and to keep the project assets in proper working condition including all projects assets whose lives have expired.

The Concession period shall be 20 years for Shivpuri Guna project and 26 years for Phalodi Bikaner project commencing from the appointment date. At the end of the concession period, the assets will be transferred back to National Highway Authority of India (NHAI).

In case of material breach in terms of agreement the NHAI and group have right to terminate the agreement if they are not able to cure the event of default in accordance with such agreement.

Group has recognized revenue of **Rs. 472.29 crores** (Rs. 54.62 crores) on construction of intangible assets under service concession agreement. Group has recognized **Rs. 16.32 crores** (Rs. 1.94 crores) as profit on construction of intangible assets under service concession arrangement. The revenue recognized in relation to construction of intangible assets under service concession arrangement represents the fair value of services provided towards construction of intangible assets under service to concession arrangement. The group has not recognised any revenue from operation of toll roads since the construction is in process. The revenue shall be booked once the operation of line is commenced.

- **51**. During the year, the Holding Company has changed its accounting policy relating to treatment of cost of Mobile Phones provided to employees. Due to this change, expenses for the year is higher by Rs. 0.10 and PBT for the year is lower by Rs. 0.10.
- **52**. The Company has engaged agents/consultants to secure contracts and provide other services for foreign projects, being implemented in three countries. Pending assessment of services provided by the agent / consultants, the company has not accounted for expenses aggregating to Rs. 3.80 crores, comprising of **Rs. 1.36 Crore** during financial year 2016-17 (previous year Rs. 2.44 Crore).
- **53.** In one of the projects under Patna region, management had remitted dues recovered/recoverable as supervision charges on unreturned steel amounting to Rs. 2.51 crores at reduced rate of 1% instead of 14.5% as per the approval of management. Further, Liquidated damages (LD) amounting to Rs. 4.48 crores were waived and the escalation claims amounting to Rs. 3.52 crores were unfreezed to the contractor. Management is of the view that this is as per provisions of the contract, as approved by the competent authority on the merit of the case.

Details are as under:

S.No.	Particulars	Rs. in crores
1.	Supervision charges	2.51
2.	Liquidated charges	4.48
3.	Other charges	0.16
4.	Unfreeze escalation claims	3.52

## 54. Financial guarantee

- a). The holding company has issued financial guarantee (undertaking) to Punjab National Bank on behalf of and in respect of term loan facility availed by its Joint venture company, Ircon Soma Tollway Private Limited (ISTPL), to make good 50% of total shortfall in the dues, if any, in the event of termination of the concession agreement. Loan outstanding as on 31.03.2017 is **Rs. 63.07 crores** (Rs. 113.15 crores). As per concession agreement, in case of termination for reasons attributable to ISTPL, the holding company will be called upon to meet only 10% of the outstanding loan amount which as on 31.03.2017 is **Rs. 6.31 crores** (Rs. 11.32 crores).
- b) The group uses the same accounting policies in the consolidated financial statements, like transactions & events in similar circumstances except in case of ISTPL, where the said JV Company did not apply the financial guarantee policy as prescribed under AS-109.

Accordingly, the appropriate adjustment has been made in consolidated financial statements and following amounts has not considered:

Investment in ISTPL: **Rs. 0.28 crores** (Rs. 0.28 crores in FY 2015-16 and Rs. 0.28 crores as on 01.04.2015), Other Financial Liability: **Rs. 0.04 crores** (Rs. 0.13 crores in FY 2015-16 and Rs. 0.28 crores as on 01.04.2015) & Other Income: **Rs. 0.09 crores** (Rs. 0.15 crores in FY 2015-16).

## 55. Events occurring after Reporting period

- (a) Refer to Note 14 for the final dividend recommended by the directors which is subject to the approval of shareholders in the ensuing meeting.
- (b) After close of the year, increase in Authorized Share Capital of Holding company to Rs. 400.00 crore is approved in the Extra Ordinary General Meeting held on 22.05.2017.

## 56. Standards issued but not effective for the financial year 2016-17

a) IND AS 115 Revenue from Contracts with Customers:

MCA had notified IND AS 115 on Revenue from Contracts with Customers in Feb 2015. The standard establishes a new five step model that will apply to revenue arising from Contracts with customers. Under IND AS 115, revenue is recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The principles in IND AS 115 provide a more structured approach to measuring and recognizing revenue. The new revenue standard is applicable to all entities and will supersede all current revenue recognition requirements under IND AS.

The effective date of IND AS 115 is annual periods beginning on or after 1st January 2018, with early adoption permitted. The Company is required to adopt the standard by the Financial Year commencing 1st April 2018. The Company is currently evaluating the requirements of IND AS 115 and has not yet determined the impact on the financial statements.

## b) Amendment to Ind AS 7 Statement of Cash Flows:

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement.

The company is evaluating the requirements of the amendment and the effect on the financial statements is being evaluated.

# COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) READ WITH SECTION 129(4) OF THE COMPANIES ACT, 2013 ON THE CONSOLIDATED FINANCIAL STATEMENTS OF IRCON INTERNATIONAL LIMITED FOR THE YEAR ENDED 31 MARCH 2017.

The preparation of consolidated financial statements of IRCON International Limited for the year ended 31 March 2017 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 is the responsibility of the management of the company. The Statutory Auditors appointed by the Comptroller and Auditor General of India under Section 139 (5) read with section 129(4) of the Act are responsible for expressing opinion on the financial statements under Section 143 read with section 129(4) of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 21 September 2017.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit under section 143(6)(a) read with section 129(4) of the Act of the consolidated financial statements of IRCON International Limited for the year ended 31 March 2017. We did not conduct supplementary audit of the financial statements of Subsidiaries and Jointly Controlled Entities (as per Annexure) for the year ended on that date. Further, section 139(5) and 143 (6)(b) of the Act are not applicable to Companhia Dos Caminhos De Ferro De Beira, SA being private entities incorporated in Foreign country under the respective laws, for appointment of their Statutory Auditor nor for conduct of supplementary audit. Accordingly, C&AG has neither appointed the Statutory Auditors nor conducted the supplementary audit of these companies. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

On the basis of my audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditors' report.

For and on the behalf of Comptroller & Auditor General of India
